

AN ORDINANCE TO ADD A NEW CHAPTER 71 TO TITLE VI (FOOD AND HEALTH)
OF THE CODE OF THE CITY OF ANN ARBOR.

The City of Ann Arbor Ordains:

Section 1. That a new Chapter 71 be added to Title VI of the Code of the City of Ann Arbor to read as follows:

**CHAPTER 71. MEDICAL MARIJUANA BUSINESS LICENSES FOR CULTIVATION
FACILITIES AND DISPENSARIES**

6:413. Legislative Intent.

The City intends to license and regulate medical marihuana cultivation facilities and dispensaries to the extent they are permitted under the Michigan Medical Marihuana Act. The City does not intend that licensing and regulation under this chapter be construed as a finding that such businesses are legal under state or federal law. Although some specific uses of medical marijuana are allowed by the Michigan Medical Marihuana Act, marijuana continues to be classified as a Schedule 1 controlled substance under federal law making it unlawful under federal law to use, manufacture, distribute, or dispense marijuana, or to possess it with intent to manufacture, distribute, or dispense. By requiring a license and compliance with requirements as provided in this chapter, the City intends to protect to the extent possible the public health, safety and welfare of the residents of and visitors to the City, including but not limited to medical marijuana patients, from harm that may result from the activities of persons who unilaterally or on the advice of their own attorney determine that they may legally operate a medical marijuana cultivation facility or dispensary.

6:414. Definitions.

- (a) All words and phrases used in this chapter shall have the same meaning as defined in Chapter 55 (Zoning), Section 5:50.1 (Regulations Concerning Medical Marijuana).
- (b) *Medical marijuana cultivation facility* means a structure or each space in a structure that is separately owned or leased by a person other than the owner of the structure, in which marijuana plants are being cultivated in compliance with the Michigan Medical Marijuana Act. For purposes of this chapter, a medical marijuana home occupation as defined in Chapter 55 (Zoning) is not considered to be a medical marijuana cultivation facility.
- (c) *Medical marijuana dispensary* means one or more caregivers operating at a fixed location, in compliance with the Michigan Medical Marijuana Act, for the purpose of transferring marijuana at that location to one or more persons whose medical use of marijuana is protected under the Michigan Medical Marijuana Act. For purposes of this chapter, a medical marijuana home

occupation as defined in Chapter 55 (Zoning) is not considered to be a medical marijuana dispensary.

- (d) *Physician* means an individual licensed as a physician under Part 170 of the public health code, 1978 PA 368, MCL 333.17001 to 333.17084, or an osteopathic physician under Part 175 of the public health code.
- (e) *Authorized person* means:
 - (i) an owner of a dispensary or cultivation facility;
 - (ii) the directors, officers, members, partners, and individuals of a dispensary or cultivation facility that is a corporation, limited liability company, partnership, or sole proprietorship;
 - (iii) any person who is in charge of and on the premises of the dispensary during business hours.
- (f) *MDCH* means the Michigan Department of Community Health.

6:415. License Required, Number of Licenses Available, Eligibility.

- (1) No person shall operate a cultivation facility or dispensary at a location for which an annual license as provided for in this chapter has not been issued.
- (2) A cultivation facility or dispensary shall not be eligible for a license if any person required under this chapter to be named on the application has been convicted of any felony under Michigan law, or the law of any other state or the United States.
- (3) The license requirement in this chapter applies to all cultivation facilities or dispensaries that exist on the effective date of this chapter or are established after the effective date of this chapter.
- (4) The first year's licenses shall be capped at a number 10% higher than the licenses applied for in the first 60 days, but not more than 20 dispensaries and 10 cultivation facility licenses. Any license terminated during the license year returns to the City for possible reissuance. A business that is a combined dispensary and cultivation facility shall require two separate licenses.
- (5) The license requirement set forth in this chapter shall be in addition to, and not in lieu of, any other licensing and permitting requirements imposed by any other federal, state or local law.
- (6) The issuance of any license pursuant to this chapter does not create an exception, defense or immunity to any person in regard to any potential criminal liability the person may have for the production, distribution or possession of marijuana.

(7) The City Council will establish a licensing board to consist of one member of Council, one physician, and three other Ann Arbor residents, these are Mayoral appointments. The Board will annually review and recommend the licensing criteria, the number of licenses authorized, the license fee structure, and recommend approval of license applications. While a cultivation facility or dispensary shall not be eligible for a license if any person required under this chapter to be named on the application has been convicted of a felony involving controlled substances, evidence that a person required under this chapter to be named on the application has been convicted of any other type of felony, under the law of Michigan, the United States, or another state, may be used by the Board in its determination of whether or not to recommend the issuance of a license to the applicant. Among other things, the Board shall consider whether the substance of the offense would tend to indicate a likelihood that the person would be unable to serve the public in a fair, honest and open manner or to dispense or cultivate medical marijuana in compliance with the MMMA, whether there is evidence that the person has been rehabilitated, and the age of the conviction.

6:416. General Provisions.

(1) No license issued under this chapter may be transferred or assigned, and no license is valid for any location other than the location specified in the license.

(2) A cultivation facility or dispensary license issued by the City under this chapter, including the name and contact information for an authorized person and business manager(s), if any, shall be conspicuously posted in the cultivation facility or dispensary where it is easily open to public view.
