I wanted to also express my feelings about this situation to you. Can we plead to change the zoning?

Hello

I am writing to let you know how very distressed I am that you may be allowing this Development to be built.

Why 600 students in a residential, family neighborhood? Why any massive development like this in a quiet family neighborhood?

Are these even decent developers - might we have an unfinished or deteriorating, poor quality complex on our hands in a few years?

I am concerned about water runoff with all that pavement - on the HIGHEST point in Ann Arbor. Will you take responsibility to pump out all our basements? This runoff could spread thru a wide ranging number of neighborhoods given the quantity and fact that it will all be downhill.

I am also concerned about getting water uphill. We do not currently have great water pressure. Will you guarantee that our water pressure will not get worse?

I am holding you, my representatives responsible for the quality of life in our neighborhoods and I will vote in the upcoming election based on how this is handled.

Why is this property even zoned for such a development? That should be changed!!!! Why have we been backed into such a situation?

Grace Bible Church is NOT a good neighbor!

This development is NOT Wanted or needed or appropriate.

Please listen!
