

Hello Mr. Kowalski,

We own the house at 917 E. Huron, directly next to 921 E. Huron. We will be out of town during the hearing but we wish to ask/clarify that they are not proposing an addition on the existing building, but rather are requesting a variance for the maximum occupancy within the existing building. Is this correct?

We have no objections or concerns about how many people reside inside; if they are going to be adding anything to the exterior, we would like to know more.

Regarding notice dated 2/10/14, parcel 09-09-28-212-010, Appeal #ZBA 13-024

Thank you,

Derek Pogirski
