6 PRESENTATIONS

6-a [20-0168](#) Integrated Pest Management for the City of Ann Arbor Parks and Natural Areas

Attachments: Integrated Pest Management 2019 - For Legistar.pdf

Dave Borneman, Parks and Recreation Deputy Manager presented Integrated Pest Management (IPM), highlighting the following items:

- *Pests in Ann Arbor parks*
 - *Steps of IPM*
 - *Prevention*
 - *Mechanical Controls*
 - *Cultural Controls*
 - *Physical Controls*
 - *Innovative Solutions*
 - *Chemical Controls*
 - *Evaluation*
- *IPM at golf courses*
- *Natural Area Preservation (NAP) Stiltgrass Case Study*
- *Poison Ivy IPM approaches*
- *Herbicide use*

S. Borgsdorf expressed appreciation for the use of IPM within city parks and inquired about public engagement regarding chemical use.

Mike Hahn, NAP Supervisor, explained that it is required to post a minimum of 10 x 14 inch bright yellow signs with required language at the site for 48 hours.

Borneman explained that there also is a city list and a state list where members of the community can sign up to be notified.

Councilmember Hayner expressed appreciation for the use of the IPM method. He also inquired about dew removal methods.

Scott Spooner, Parks and Recreation Deputy Manager, explained that dew is removed in order to prevent fungus growth. He explained that the dew is removed by a rope being dragged between two golf carts, effectively shaking the dew from the grass, creating an environment where the fungus can't grow.

Commissioner Mike Appel inquired about lessened herbicide use as a result of that cultural practice.

S. Spooner answered that as a result of that practice, compared to areas of comparable size, fungicide is not really used.

Councilmember Hayner inquired about reasoning for removing clover and dandelion.

Colin Smith, City of Ann Arbor Parks and Recreation Manager, answered that at the golf course, there is an expectation for the player to be able to hit the ball and not have the ball land in a way that adds difficulty, however when the ball is hit into the rough, there is dandelion, clover,

Commissioner Stephen Borgsdorf clarified the Leslie Park Golf course environmental stewardship programs.

S. Spooner answered that Leslie Park is one of only a handful of courses in Michigan to have achieved both Audubon certification and the Michigan Turfgrass Environmental Stewardship certification.

Commissioner Praveena Ramaswami discussed promoting these efforts made on social media.

Borneman explained that they are definitely looking into ways to market these activities.

Appel discussed an Environmental Commission resolution.

C. Smith discussed the budgeting aspect of the Environmental Commission resolution, explaining that it's an opportunity to educate the public with what parks is already doing, to bring more awareness of methods earlier in the season.

J. Hayner explained that is unfortunate that the city is not able to ban the use of herbicides.

P. Morrison inquired about how new invasive species are located.

D. Borneman explained that it's a combination of staff in the field and hearing from members of the community.

J. Hayner inquired about knotweed.

M. Hahn explained that best efforts are made to keep the existing population controlled.

7 REPORTS**7-a REPORT FROM PARKS AND RECREATION MANAGER**

20-0185 Report from Parks and Recreation Manager

8 NEW BUSINESS

8-a **20-0169** Resolution to recommend approval of a contract with Stantec Consulting Michigan, Inc. to provide lighting design services for the Ann Arbor Skatepark (\$38,913.00).

Attachments: PAC - SKATEPARK_STANTEC_LIGHTS.pdf,
PROPOSAL_Stantec.pdf

Hillary Hanzel, City of Ann Arbor Landscape Architect, presented the proposed resolution highlighting the following points:

- the skatepark is a very popular and well used year round park amenity.*
- the Skatepark Advisory Commission has recommended that lighting be added to the skatepark to extend its use unto the evening and allow skateboarding to safely occur year round.*
- nearby adjacent ballparks are lit in the evenings during use*

- *the funding is available in the Parks millage*
- *the Friends of Ann Arbor Skateparks have also started raising money for the installation*
- *grant money will also be applied for the installation.*
- *importance of sustainable lighting practices, Dark Skies compliance*
- *five proposals were received and reviewed, Stantec was selected*

S. Borgsdorf clarified that this resolution is for funding for design, and inquired about consultant selection.

H. Hanzel explained that it covers concept design, the construction document process, and construction oversight. Hanzel explained that the other high-ranking firm was about 50% more expensive.

M. Appel commented that he is excited to share the sustainability and Dark Skies aspects of this project with the Environmental Commission.

P. Ramaswami inquired about the timeline for the project.

H. Hazel explained that the plan is to complete a concept design before grant applications are due in April. The grand funding timeline places construction likely taking place next summer.
