Re: **Notification of Property Sale**

A parcel of property comprised of 20.18 acres located at 3015 Miller Rd. in Washtenaw County, Michigan, having an Ann Arbor address is currently held in the Donald T. Botsford Trust. Approximately 10 acres of this parcel has restrictions against any development as outlined in a Property Development Rights (PDR) document.

This Conservation Easement contains a Paragraph V which indicates that the Trust is required to provide written notice to Scio Township and the City of Ann Arbor 30 days prior to selling the property. This letter is evidence of our compliance with this requirement as a sales agreement has been signed by the Trust and the Buyer and is considered a "pending sale" by the real estate company overseeing the sale.

If any further clarification in this matter is needed, please contact one of the Trust Administrators by phone. Thank you.
