**Subject:** Broadway Historic District - April 21st, 2008 Council Meeting - Letter of Against Passing The Broadw

Dear A2 City Council,

My name is Brent Robertson and own two properties, 1317 Broadway and 1318 Jones, in the proposed Broadway Historic District. I will not be able to attend the council meeting coming up on April 21st, 2008 and want to make sure that my two property vote against gets heard.

These properties represent the majority stake in my retirement plan. My (our) best interest is reflected in the LIBERTY to fix, repair, and IMPROVE the physical aspects of these properties in accordance with A2 ordinances and codes without hindrance as those zoning or business external conditions, factors and events change in the future (e.g. Paul Allen Broadway Development finalizes vs. local property value and owners intents and best interest).

It is also in my (our) best interest to save on expenses so that I/we can *better spend* on mandatory future improvements and other economic commerce in our beautiful city. For those specific and to the point of "*there is no real long term economic benefit for the property owners in historic district passage*" I urge the Ann Arbor City Council to vote against, as it was in the Pontiac Trail Historic district dismissal.

Thank you.

Brent Robertson  
Owner  
1317 Broadway  
1318 Jones (around the corner from Broadway; in back of 1317 Broadway)  
734-995-8695
