

MEMORANDUM

TO: Planning Commission
FROM: Planning Staff
DATE: May 12, 2020
SUBJECT: Amendment to Section 5.25 Outdoor Lighting

A dedicated group (Sarah Mills, Erica Briggs, Salley Ooey and John Mirsky) worked diligently to rewrite Section 5.25 Outdoor Lighting. Staff reformatted the proposed ordinance and made modifications to better fit the style and language of the Unified Development Code, as well as changing some approaches to make it enforceable.

Staff comments are included in italics within the draft ordinance: Some for the benefit of the original authors to give clarity on changes made by staff and some are issues that merit discussed by the City Planning Commission during the working session.
