Manager of Service Development

Re: New Service

Date: September 12, 2014

There is a good deal of interest in how the new service is doing with the high level of enthusiasm about the new #46 Huron-Textile, as well as discussion about the late night service. It is too early to draw any conclusions, but interesting to review.

Attached is a graph with daily riders on the #46 route. Also attached is a chart with average ridership by hour after 7 p.m. which includes the average in September, 2013, August, 2014, and so far in September, 2014.
