Ms DiLeo et al,

I am writing regarding 1919 Wayne.

I echo the sentiment of many other people in our neighborhood.

Our faith in you is compromised. It was not fair to reverse your decision. A vote is a vote.

Moreover, I do not believe six adult males constitute a family. When I applied for parking permits for myself and my husband, I had to send a copy of our marriage license because we have different last names. Please explain how the Jesuits will obtain enough parking permits.

I thank you for your consideration.
