Ann Arbor Moving Together Implementation

October 24, 2022

**ANN ARBOR
MOVING
TOGETHER**

TOWARDS VISION ZERO

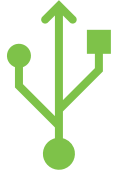

Things to Know

- The video, speaking, and screen sharing functions are available to presenters, but disabled for participants to avoid unauthorized persons or offensive content.
- You can leave and rejoin the meeting at any time (unless the meeting is at capacity or you are removed for inappropriate behavior).
- You can communicate through the Q&A feature.
- Multiple opportunities for questions will be provided throughout the presentation.
- Presentation and additional materials are available <https://www.a2gov.org/departments/engineering/Pages/Ann-Arbor-Moving-Together-Towards-Vision-Zero.aspx>

Vision Zero Implementation and Action Plan

Vision Zero Implementation Subcommittee Meeting #4
October 24, 2022

Technology Overview

Ask a Question or Share a Comment

We will be using the Q&A feature for those using a computer and the Raise Hand feature for those who are on the phone.

Computer

- Please use the Q&A feature located at the bottom of the screen to ask a question/comment.
- Type your question/comment.
- Click **Send**.

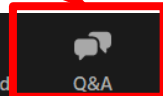

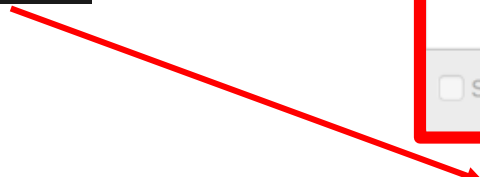

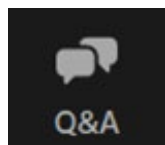

Q&A

You asked: 18:03
What happens when I raise my hand?

Molly Parker answered: 18:04
I can take you off of mute.

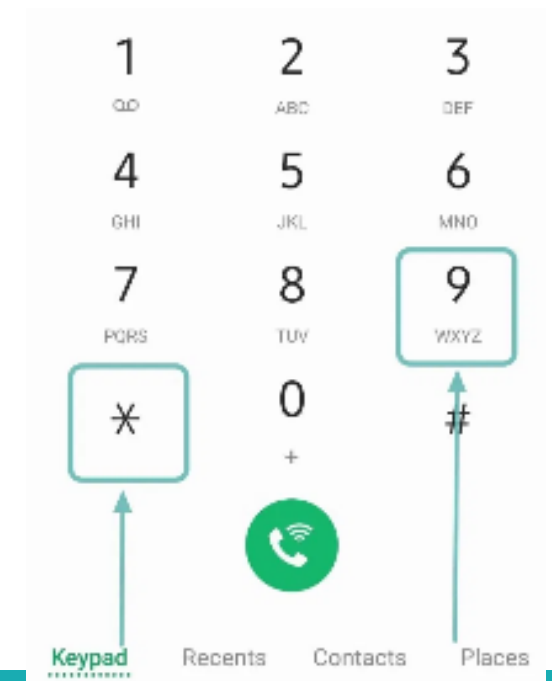

Please input your question

Send Anonymously **Send**

Phone

- Select *9 to raise your hand
- You will be identified by the last 3 digits of your phone number

Meeting Norms

- Commit to learning and avoid speculation – we encourage you to ask questions through the Q&A feature so we can explore the issue together.
- When speaking over the phone, please move to a quiet area and silence any background sounds. We want to be sure that we hear what you are saying.
- Please remember the importance of rights and the dignity of others. With that, we ask that you:
 - Critique ideas, not people.
 - Are thoughtful about your language so this can be a comfortable and respectful forum for all participants - inappropriate written and/or verbal comment or language, including personal attacks and accusations, will result in the attendee being removed from the meeting.

Is there anything else anyone would like to add?

Follow-up Expectations

- Meeting summaries will be posted 7-10 days following the meeting
- Your feedback will be considered in addition to technical and cost considerations for the recommendations of this design effort
- The meeting is being recorded and content will also be posted to the City's webpage

Agenda

1. Welcome & Introductions (5 min.)
2. Committee Discussion (15 min.)
 - 2023 meeting dates
 - Committee charge
3. Speed Management Program (40 min.)
4. Annual Report Outline & Discussion (10 min.)
5. Safe Systems Introduction (10 min.)
6. Public Comment Period (10 min.)

Introductions

Meeting Dates

Upcoming Meetings:

- November 14 @ 7pm
- December 12 @ 7pm

Proposed 2023 Meeting Dates:

Meeting cadence & timing: Every other month; last Monday of the month @7pm

Expectations of Committee

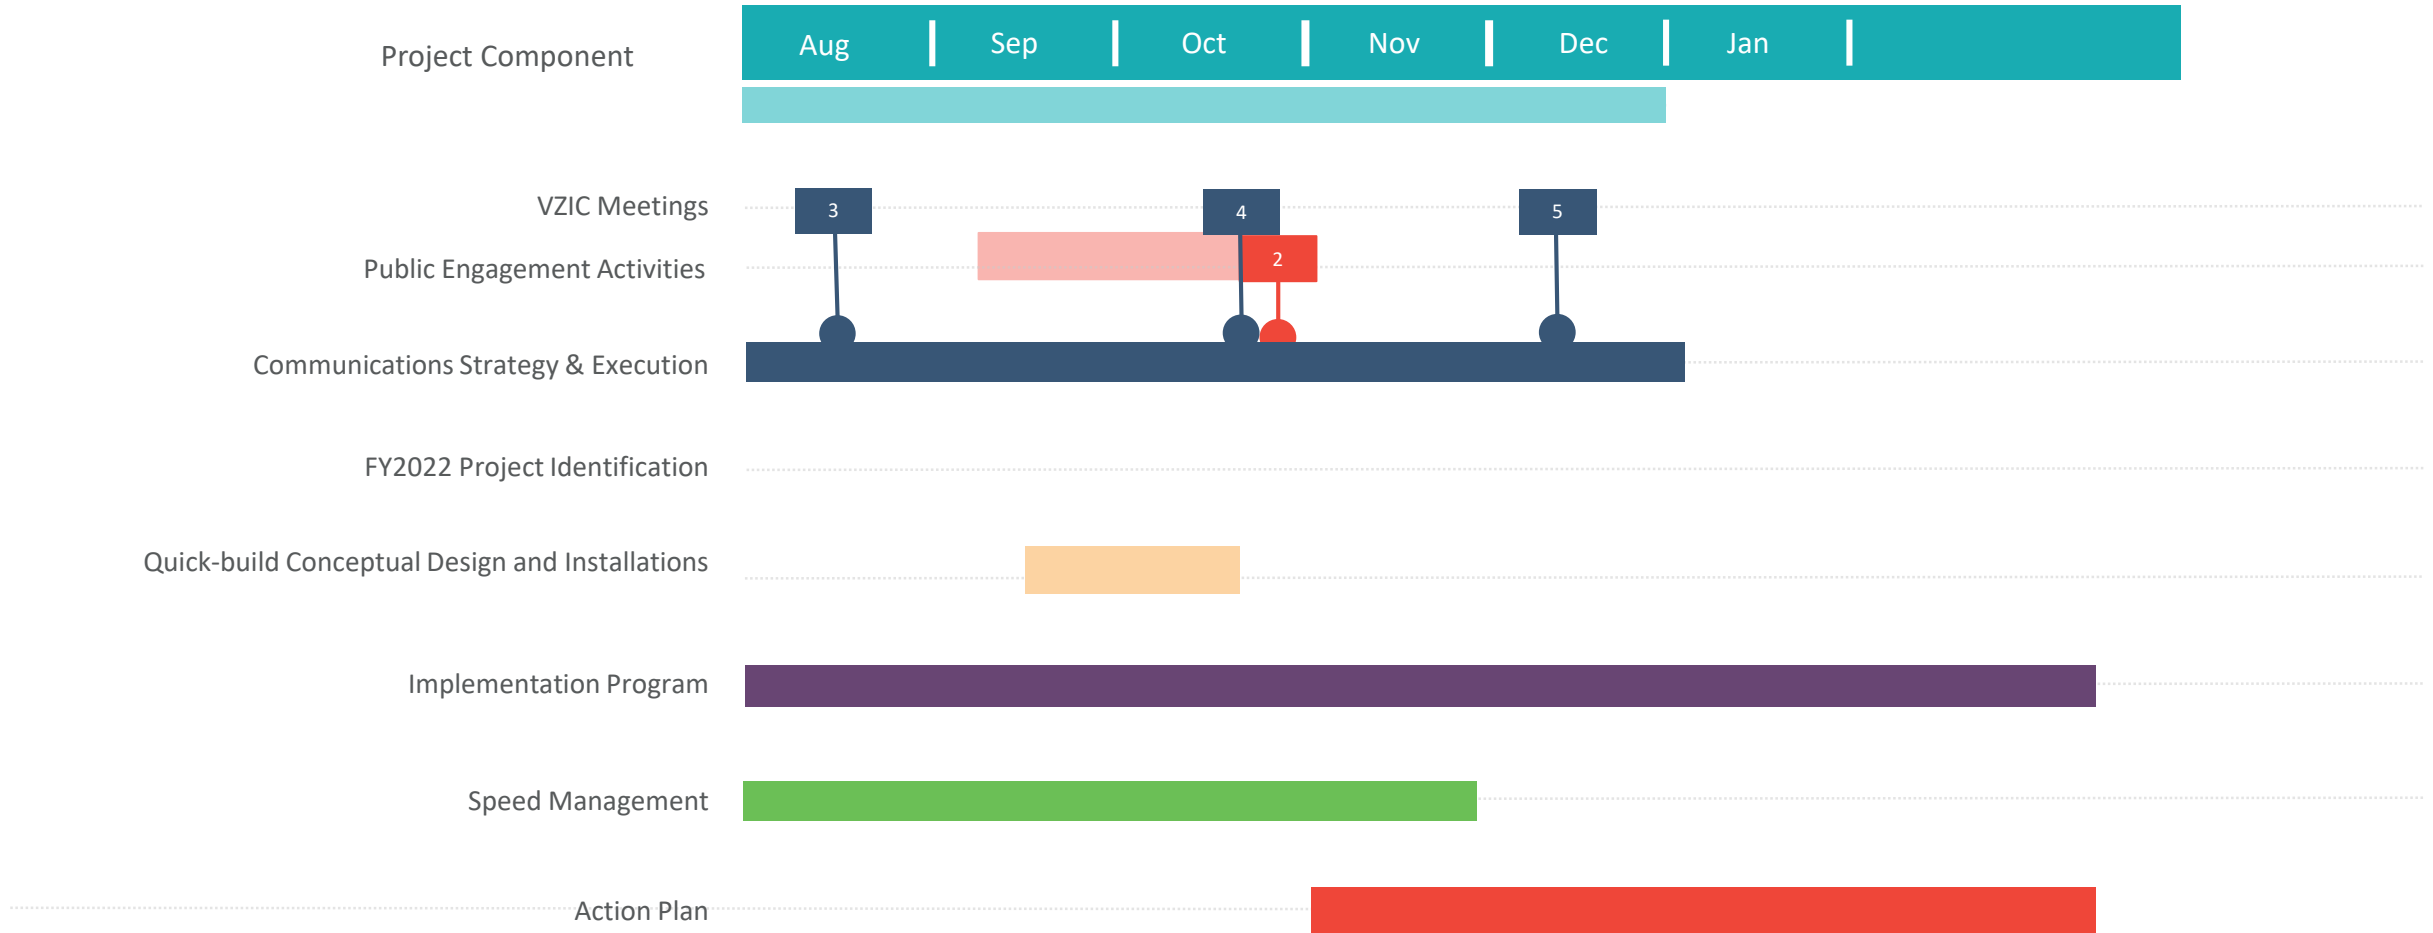

For discussion

City Commitment:

1. Staff will notify VZIC members when engagement opportunities are available for capital projects
2. Staff produces a monthly transportation projects progress report ([example](#)) for the Transportation Commission. This can be shared with the VZIC as well, so they are aware of what is going on around the City
3. If we get a request from a VZIC member to discuss a specific project, we can put it on the agenda for the next meeting

Project timeline

Speed Management Program

Questions will turn into FAQs

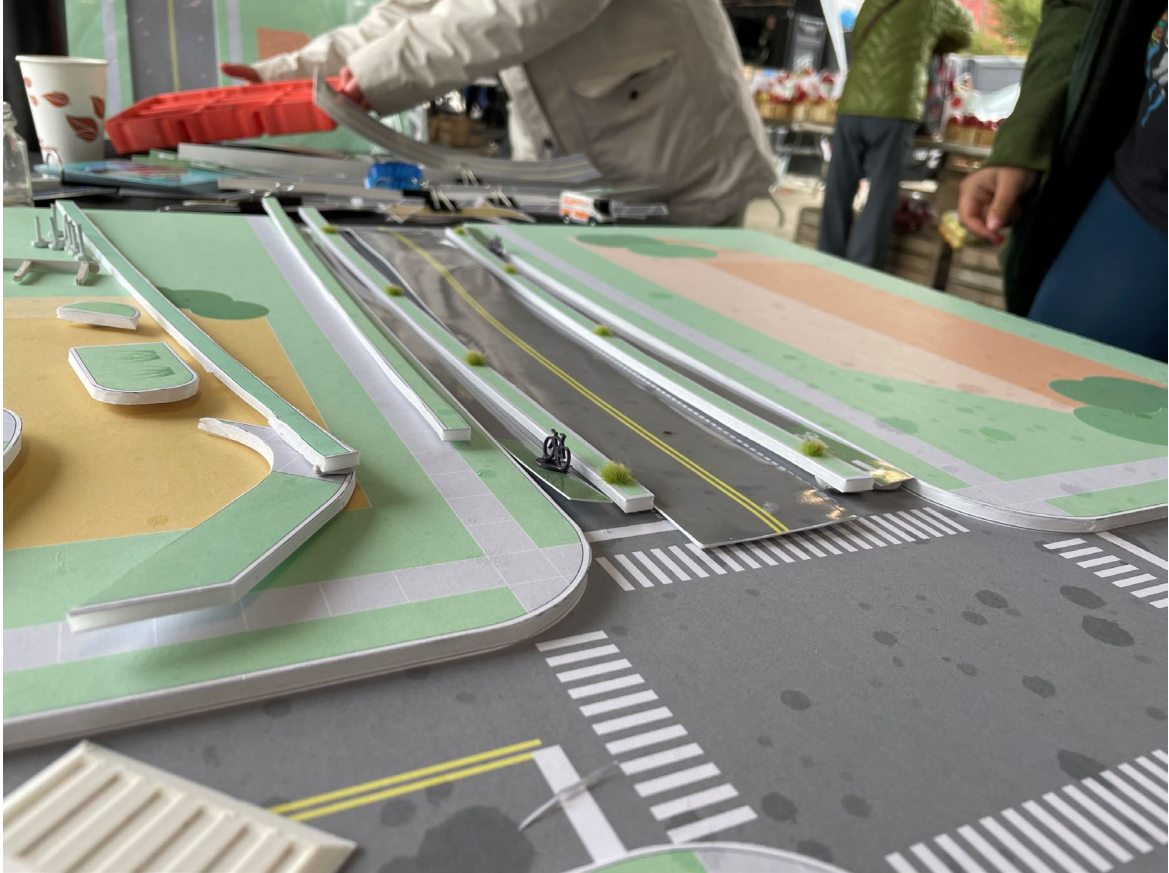

Speed Management Draft Process

* As needed, commensurate with scale

Initial Public Feedback

Speed Management Program Discussion

Is anything missing?

Feedback on process?

Annual Report Outline

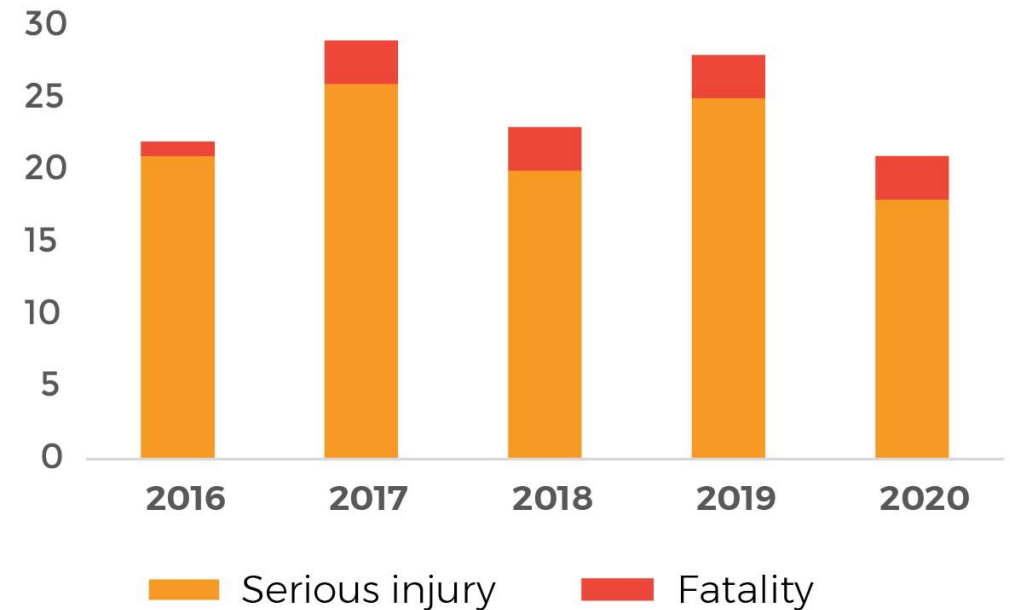

**ANN ARBOR
MOVING
TOGETHER**

TOWARDS VISION ZERO

Annual Report Outline

1. Background
2. 5-Year Crash Trends
3. 2022 Achievements
 - Safety enhancements
 - Map of quick-build & other projects
 - State Street
 - Complementary policies
 - No RTOR
 - Transit millage
 - Speed management program
4. What to expect in 2023

Serious Injuries & Fatalities 2016 - 2020

[Link to Story Map](#)

For Discussion:

What is missing?

Safe Systems Review

**ANN ARBOR
MOVING
TOGETHER**

TOWARDS VISION ZERO

What is Safe Systems?

An approach to transportation planning and design that anticipates human error in the design and operations of the street.

What does that mean functionally?

- Street designs are 'forgiving'
- Focus is on highest need areas
- Safe designs are routine and not special projects

Safe Systems Review Scope:

1. CIP framework & process
2. Project scoping
3. Design guidance
4. Public engagement process

Next Steps

1. Safe Systems Review
2. Draft Annual Report
3. Draft Implementation Plan

Public Comment Period

- Please limit your comments to 3 minutes or less
