

NOTICE OF PUBLIC INFORMATION MEETING ANN ARBOR MUNICIPAL AIRPORT ENVIRONMENTAL ASSESSMENT

The City of Ann Arbor has scheduled a Public Information Meeting from 4:00 p.m. to 6:30 p.m. on Thursday, January 26, 2017 in the basement conference room at the Ann Arbor City Hall, 301 E. Huron Street, Ann Arbor, Michigan 48104.

An Environmental Assessment (EA) was prepared in 2010 to evaluate the social, economic, and environmental aspects of proposed improvements to the Ann Arbor Municipal Airport. The proposed improvements focus on shifting and extending Runway 6/24, the primary runway, to address the needs of the existing critical aircraft that use the airport. Alternatives were developed to provide options for extending the existing runway by 795 feet, from 3,505 feet to 4,300 feet, while extending the existing parallel taxiway to the same length.

The original 2010 Environmental Assessment has been revised and updated, however the proposed improvements have not changed between the original 2010 EA and the recently revised EA.

The revised EA is available for public review starting today until February 10, 2017 at the following locations:

Ann Arbor Municipal Airport
801 Airport Drive
Ann Arbor, MI 48108

Ann Arbor City Hall
301 E. Huron Street
Ann Arbor, MI 48104

Ann Arbor Public Library
343 S. Fifth Avenue
Ann Arbor, MI 48104

Pittsfield Township Administrative Offices
6201 W. Michigan Avenue
Ann Arbor, MI 48108

Ann Arbor Municipal Airport website

MDOT – Office of Aeronautics website

<http://www.michigan.gov/aero/>

The purpose of the Public Information Meeting is to answer questions regarding the revised EA, or the Preferred Alternative, and to solicit constructive input from interested citizens regarding the social, economic, and environmental impacts of the proposed improvements. Maps, drawings and other pertinent information, including the EA document, will be available for public information. Please take an opportunity to review the EA at one of the locations listed above prior to the meeting as there will be no formal presentation. Written comments may be submitted during the Public Information Meeting or may be mailed or e-mailed to the following address. All comments must be received by 5:00 p.m. on February 10, 2017 to be included in the study record.
