WHEREAS, the DEVELOPER desires to build or use certain Improvements with and without the necessity of special assessments by the CITY, and

WHEREAS, the CITY desires to ensure that all of the Improvements required by pertinent CITY ordinances and regulations be properly made, and that the DEVELOPER will install these Improvements prior to any permits being issued.

THE DEVELOPER(S) HEREBY AGREE(S):

(P-1) To prepare and submit to the CITY for approval plans and specifications ("the Plans") prepared by a registered professional engineer for construction of public water and sanitary sewer, private storm water management systems, sidewalks ("the Improvements") provided that no work on said Improvements shall be commenced until the Plans have been approved by the City Administrator or designee, and until such other relevant information to CITY service areas as shall be reasonably required has been provided.

(P-2) To construct all Improvements set forth in Paragraph P-1 of this Agreement in accordance with the approved Plans and to repair all defects in the Improvements that occur within one year from the date of acceptance of the Improvements by the CITY, commencing on the latest date of the acceptance of any Improvements by the CITY. If the DEVELOPER fails to construct the Improvements, the CITY may send notice via first class mail to the DEVELOPER at the address listed above requiring it to commence and complete the Improvements in the notice within the time set forth in the notice. The CITY may cause the work to be completed at the expense of the DEVELOPER, if the DEVELOPER does not complete the work within the time set forth in the notice. Every owner of a portion of the property, including co-owners of condominium units, shall pay a pro-rata share of the cost of the work. That portion of the cost of the work attributable to each condominium unit shall be a lien on that Property and may be collected as a single tax parcel assessment as provided in Chapter 13 of the Ann Arbor City Code.

(P-3) To furnish, within 30 days of completion, an engineer's certificate that the construction of the public Improvements set forth in Paragraph P-1 above have been completed in accordance with the specifications of the CITY in accordance with the approved plans. The engineer's certificate will cover only those items the DEVELOPER'S engineer inspects.

(P-4) Prior to the issuance of building permits to deposit with a mutually acceptable escrow agent fully executed documents in a form acceptable to the CITY, which will convey, upon delivery to the CITY, easements for the construction and maintenance of public utilities. The escrow agreement shall provide for delivery of the documents to the CITY solely upon the condition that the CITY has accepted the public Improvement to be conveyed by the easement.

(P-5) To install all water mains, storm sewers, sanitary sewers and private driveways, through the first course of asphalt, pursuant to CITY approved plans and specifications, necessary to connect the site with existing CITY systems adjacent to the site prior to the issuance of any building permits. The final course of asphalt paving shall be completed prior to the issuance of certificate of occupancy on the site.

(P-6) To be included in a future special assessment district, along with other benefiting property, for the construction of additional Improvements to Jackson Avenue, such as street widening, storm sewers, curb and gutter, sidewalks, bike paths, street lights, and the planting of trees along Jackson Avenue, frontage when such Improvements are determined by the CITY to be necessary.

(P-7) The existing sanitary service lead for parcel 2890 Jackson Avenue crosses the subject site plan parcel (2800 Jackson Avenue). This existing, non-conforming situation will be allowed to remain with the approved service lead location and a recorded easement. This easement is required prior to issuance of any permits.

(P-8) A retaining wall is proposed to be relocated adjacent to parcel 2890 Jackson Avenue. The retaining wall must be relocated prior to the construction of the water main and a temporary grading easement may be required from the adjacent parcel.

(P-9) A bio-retention area encroaches ten feet into the proposed public water main easement. In the event of a water main break, repair, or replacement, restoration of the bio-retention area is the responsibility of the DEVELOPER.

(P-10) To indemnify, defend and hold the CITY harmless from any claims, losses, liabilities, damages or expenses (including reasonable attorney fees) suffered or incurred by the CITY based upon or resulting from any acts or omissions of the DEVELOPER, its employees, agents, subcontractors, invitees, or licensees in the design, construction, maintenance or repair of any of the Improvements required under this Agreement and the approved site plan.

(P-11) To cause to be maintained General Liability Insurance and Property Damage Insurance in the minimum amount of \$1,000,000 per occurrence and naming the CITY as additional insured to protect and indemnify the CITY against any claims for damage due to public use of the public improvement(s) in the development prior to final written acceptance of the public improvement(s) by the CITY. Evidence of such insurance shall be produced prior to any construction of improvement and a copy filed with the City Clerk's Office and shall remain in full force and effect during construction of the public improvement(s) and until notice of acceptance by the CITY of the Improvements.

(P-12) Existing street trees shown on the site plan as trees to be saved shall be maintained by the DEVELOPER in good condition for a minimum of three years after acceptance of the public Improvements by the CITY or granting of Certificate of Occupancy for each building. Existing street trees that are determined by the CITY to be dead, dying or severely damaged due to construction activity within three years after acceptance of the public Improvements or granting of Certificate of Occupancy, shall be replaced by the DEVELOPER as provided by Chapter 57 of the Ann Arbor City Code.

(P-13) To deposit, prior to any building permits being issued, a street tree planting escrow account with the Parks and Recreation Services Unit in the form of a check payable to the City of Ann Arbor. The escrow amount shall be based on the CITY policy in effect at that time and is to include all on-site public streets. The City Administrator may authorize the DEVELOPER to install the street trees if planted in accordance with CITY standards and specifications. If the street trees are found to be acceptable by the CITY, the escrow amount will be returned to the DEVELOPER one year after the date of acceptance by the CITY.

(P-14) To construct, repair and/or adequately maintain on-site storm water management system. If the DEVELOPER fails to construct, repair and/or maintain the private storm water management system, the CITY may send notice via first class mail to the DEVELOPER at the address listed above, requiring it to commence and complete the items stated in the notice within the time set forth in the notice. (P-17) To design, construct, repair and maintain this development in accordance with the provisions of Chapter 119 (Noise Control) to ensure that any noise emanating from said development will not impact nearby residents or businesses. In addition, DEVELOPER shall review existing noise sources surrounding said development and incorporate necessary design and construction techniques to ensure that future tenants will not be exposed to noise sources in violation of Chapter 119.

(P-18) To include the elevation drawings, as submitted to City Council, as part of the approved site plan and to construct all buildings consistent with said elevation drawings. If the DEVELOPER proposes any substantive changes to the approved building elevations, setbacks, aesthetics, or materials, that those changes be brought back to the City Council for consideration. The DEVELOPER is required to submit signed and sealed drawings to staff reflecting the elevations, setbacks, aesthetics, materials and site plan approved by City Council.

(P-19) To remove all discarded building materials and rubbish from the development at least once each month during construction of the development Improvements, and within one month after completion or abandonment of construction.

(P-20) DEVELOPER is the sole title holder in fee simple of the land described below except for any mortgage, easements and deed restrictions of record and that the person(s) signing below on behalf of DEVELOPER has (have) legal authority and capacity to enter into this Agreement for DEVELOPER.

(P-21) Failure to construct, repair and/or maintain the site pursuant to the approved site plan and/or failure to comply with any of this approved Agreement's terms and conditions shall constitute a material breach of the Agreement and the CITY shall have all remedies in law and/or in equity necessary to ensure that the DEVELOPER complies with the approved site plan and/or the terms and conditions of the approved Agreement. The DEVELOPER shall be responsible for all costs and expenses including reasonable attorney fees incurred by the CITY in enforcing the terms and conditions of the approved site plan and/or Agreement.

(P-22) In addition to any other remedy set forth in this Agreement or in law or equity, if DEVELOPER fails to make a timely or full payments to the CITY as set forth elsewhere in the Agreement to the CITY in the agreed upon manner, any unpaid amount(s) shall become a lien, as provided under Ann Arbor City Code and recorded with the Washtenaw County Register of Deeds, against the land described below and may be placed on the CITY tax roll as a single lot assessment, or if the development is converted to condominium ownership, every owner of a portion of the property shall pay a pro-rata share of the amount of the payments attributable to each condominium unit. If the unpaid amount(s), in whole or in part, has been recorded as a lien on the CITY'S tax roll and with the Washtenaw County Register of Deeds, upon payment of the amount in full along with any penalties and interest, the CITY, upon request, will execute an instrument in recordable form acknowledging full satisfaction of this condition.

(P-23) To pay for the cost of recording this Agreement with the Washtenaw County Register of Deeds, and to pay for the cost of recording all documents granting easements to the CITY.
