Mr. Kowalski,

My name is Chris Fraleigh and this is from both myself and my wife Nancy Fraleigh.

We live at 1123 Pontiac St. and as such have a direct view out the back of our home to the address in question. We are happy to have Mr. Velikan and his wife in our neighborhood. Better, they want to rework one of the existing and rather run down houses on our street (our parcel spans the block from Pontiac through to Wright.)

Both Nancy and I want to offer our unqualified support for anything Mr. Velikan wants to do to his structure. This includes support for the process he must go through at the ZBA.

We want to urge the ZBA to do the same. Please support and approve the changes to his structure as it is well within reason both for the usability of the existing structure, and the appropriate scale as it relates to other houses on the block.

Thank you.
