Discussion re Michigan Department of Transportation (MDOT) to Improve Pedestrian Safety along the business routes in Ann Arbor with priority for the Huron crosswalk near Thayer, with two goals for the crosswalk are:

**Improved Driver awareness (Staff recommended large lighted overhead crosswalk signs prior to the availability of RRFB's.) Both large overhead signs and RRFB's would provide the optimal driver awareness.*

**Illumination (Positive contrast lighting that is optimized for the location and the current LED lights on trucks and large SUV's.)*
