Christine and Jackie,

A Historic District Commissioner resigned effective immediately (see below). The position that she filled is the one that Chapter 8 of code specified should be filled, if possible, by an architectural historian. If you'd like assistance locating someone with that credential, please let me know and I'll be happy to try to round up a name or two.

Thank you,  
Jill

Hi Jill,  
I apologize for dropping this on you out of nowhere, but I will need to resign my position on the HDC, effective immediately. I've had to make a change, which includes moving to Detroit, so I will no longer be able to sit on the board. Thanks so much for your patience and professionalism. I learned a lot from my time on the board which has helped me greatly in my own job here in Detroit! Feel free to give me a call if you ever have any HDC questions/topics you'd like to run by me!

Many thanks!

-Jennifer
