Subject: My neighbors

Hi Jill

I am writing in support of my neighbors (519 s 1st) kitchen renovation project. I know they are staying within their footprint and are changing some windows and a door (none of which were originals) on the back of the house. It will really help their house function so much better even for a family of 2. I love these neighbors and want them to stay right where they are; in our family neighborhood!

Hope you are well-I need to get on my porch steps project!

Cathy
