Good Morning Katie,

I have sent your specific request to a couple project managers. They may respond separately but wanted to let you know we received your question. Thank you and have a nice day.

Good Morning,

We were told last year by Adam Ajar with City Engineering, that the crosswalk at 1000 E. Oakbrook would be replaced entirely. He said the work would be done by the resurfacing group this summer and that in the meantime, potholes in the crosswalk would be filled in. That didn't happen and we have not heard anything about when the crosswalk would be replaced. Suzann Flowers had replied that this would be brought up at the Commission Agenda on August 17th. I was looking for an update.

Thank You!
