

History of Current Project

See attachments for proposed building layouts

Looking over past COAC and VOAC meeting minutes, it looks like goals and concerns are still similar: parking and the need to identify alternative parking solutions (like loading zones); number of vendors any new improvement will benefit/accommodate; ease of loading and unloading.

Historical Standing

Does the market qualify for some sort of historical standing or funding?

Can history of market building projects inform our work now?

-update from Lisa

Grants/Funding Sources

Possibility for Friends of Ann Arbor

What is the process for City Gov to work with a foundation like AACF (is there anything we need to be aware of?)

-update from Stephanie

How have other markets funded infrastructure projects and grants like the Farmers Market Promotion Program?

Facility Improvements

Extending middle aisle

Pull down doors/sheds on current roof structure

Radiant heat for winter
