

## **21 Apartments - Mississippi State University**

### **Testimonials**

#### **Wellon Woods**

21 Apartments has been so much fun! Not only is it a safe and reasonable place to live, but the people live around me are so great. I've met several new Mississippi State students that I now call my friends. This has been my "first home" now for five months and I've enjoyed every minute of living here!!!

#### **Whitney Eiland**

I enjoy living at 21 Apartments because of the many great amenities they have to offer. It's close to campus which makes it easy to walk to and from campus. The staff at 21 is very friendly and easy to contact when I need something. They also reply to any maintenance situations within 24 hours. I absolutely love the pool and clubhouse. And, the fitness center is so convenient to use. I would recommend 21 to anyone who wants a great place to live!!

#### **Rush Mayatt**

Living at 21 has been everything I have expected and more. The staff is always helpful with anything we need. They treat us like family and they are always easy to get in touch with. Maintenance is always working to keep the community in top notch condition. Head to toe I couldn't have found a better place to live. Starting with the great amenities and location and ending with the helpful staff and maintenance, 21 Apartments is housing that I would definitely recommend.

#### **Jay Warren III**

Living at 21 Apartments is great! The location is perfect and I like the fact that rent and other utilities are included together. Not having to go pay different bills at different times really helps me and gives me time to do other things. 21 really helps me minimize my different responsibilities and focus on school and fun!!

**88 West - University of Illinois / Parkland Community College**

**Testimonials**

**Miranda Adams**

I have lived at 88 West Apartment since the summer of 2007 and have had a very positive experience. The apartments are the nicest that I have seen in Champaign for the price and the furniture is also very appealing. I have had several service requests and each one was responded to quickly and fixed the problem. The staff in the office is also very friendly and helpful. I enjoy living here so much that I will be living here again next year.

**Lindsey Poulsen**

Since the day I moved in management has been excellent and I absolutely love living in a complex that allows pets given I am a vet med student. This is a very social community that has enabled me to meet many new people and establish some great new friendships. The various activities 88 West puts on for their residents are awe-some. I will be graduating this May and moving out to pursue my career as a veterinarian but this has truly been one of my greatest living experiences.

**Ashley Nevins**

I really enjoy living at 88 West. I love the fitness center and am pleased with the roommate management matched me up with though I was skeptical of the roommate matching service when I signed my lease. The staff is great and management is always friendly. In fact, I find myself stopping into the office just to chat with them for a bit. If there have been any issues with noisy neighbors or work orders, the office and maintenance addresses them immediately. I love it that the entire staff is so involved with their residents and making sure that we are happy. I will be renewing my lease next year because the experience has been so great.

**West 10 - Florida State University**

**Testimonials**

**Megan Faivre**

This past year was my first year living at West 10, and overall it has been a pleasant experience. I really enjoy my apartment. It is very large and spacious. My favorite feature by far though would have to be my walk-in closet. I am very much so a girly girl, and this is the first time that I have been able to fit all of my clothes in one closet. I enjoy living close to the pool. I am able to socialize with other members of the community and I have been able to make many new friends. I enjoy West 10 so much that I have decided to renew my lease and continue my stay for another year.
