

## MEMORANDUM

TO: Mayor and City Council

FROM: Parks Advisory Commission

DATE: April 15, 2014

RE: Park Advisory Commission Resolution on the FY 2015 Proposed Budgets for Parks and Recreation Services and Park Operations

Attached is the Parks Advisory Commission (PAC) resolution with our recommendations for the FY 2015 Parks Budgets.

FY 2015 is the second year of the budget cycle and PAC is pleased to see that there are relatively few adjustments, and that the majority of these adjustments see corresponding increases in revenue and expenses. The proposed budget for Parks & Recreation Services results in a net cost increase of \$35,500, a deviation of less than 1% of the total budget that was developed over a year ago.

PAC notes that there are no service reductions to programming or maintenance in the proposed FY 2015 budget.

PAC agrees with the movement of the Public Market to the general fund, especially since this is unanimously supported by the Public Market Advisory Commission and will not impact the funds allocated to other park facilities. PAC finds the proposed stall fee increases at the Market to be reasonable and timely. PAC is excited by the continued increase in revenue at the Argo Livery. PAC also recognizes the need for additional staffing at Argo to provide exceptional customer service and assist with managing the large crowds that the Cascades bring to Ann Arbor. PAC is also pleased to see an increase in programming and activity at Mack Pool and supports the proposed budgeted increases in revenue and expenditures.

PAC recommends approval of the attached budget resolution for Parks and Recreation Services and Parks Operations.
