E. Stadium and Washtenaw development

From: Lynn Tindall**Sent:** Monday, June 3, 2024 6:35 PM**To:** Planning <Planning@a2gov.org>**Subject:** E. Stadium and Washtenaw development

Just learned of this preposterous development. Not only the location with existing public transport but valuable residential landscape, as little as it is.

Must every piece of vacant land be designated to "people coming" ? If it is students than this is transitional housing. They will be leaving.

Coming to what? A town of charm turned into a developers dream of profit and a City Mayor and Council whom hold the same vision.

Will be at meeting tomorrow.
