Dear Ms. Beaudry and City Council Members:

Thank you for contacting me to share a copy of your resolution outlining your concerns regarding Comcast Cablevision's proposal to relocate the channel lineup and location of the public, educational and government access channels.

To help address your concerns regarding these proposed changes I have taken the liberty of forwarding your information to Commissioner Orjiakor N. Isiogu, Chairman of the Michigan Public Service Commission (MPSC) for their careful review and consideration. As you may know, the MPSC has the responsibility of providing Michigan communities with assistance with matters dealing with safe and reliable transportation, telecommunication and energy services at reasonable prices. I have asked them to look into your inquiry and to report their findings directly to you.

I am committed to making state government work effectively, both for Michigan's citizens and our local units of government. Together we can make our Great Lake's state greater still.

Sincerely yours,

Jennifer M. Granholm
Governor
