Dear Sir or Madam:

SUBJECT: National Pollutant Discharge Elimination System (NPDES)
Certificate of Coverage No. MIG640207
Designated Name: Ann Arbor WFP

2010 MAR 24 AM 10:50
CITY OF ANN ARBOR
CITY CLERK
REC'D

Your Certificate of Coverage (COC), issued under NPDES General Permit No. MIG640000, has been processed in accordance with the appropriate State and Federal regulations.

The issuance of this COC does not authorize the violation of any federal, state, or local laws or regulations, nor does it obviate the necessity of obtaining such permits, including any other Department of Natural Resources and Environment (DNRE; formerly the Department of Environmental Quality) permits, or approvals from other units of government as may be required by law.

Please carefully review the effluent limitations and monitoring requirements contained in General Permit No. MIG640000 and Certificate of Coverage No. MIG640207, which is enclosed. If you need a copy of the General Permit, one can be obtained via the Internet at: (<http://www.michigan.gov/deqnpdes> - click on "General NPDES Permits" which is under the Permits banner), or you may call 517-241-1346 to request a paper copy be sent to you. These requirements are subject to the criminal and civil enforcement provisions of both State and Federal law. Permit compliance and violations are audited by the DNRE and the United States Environmental Protection Agency.

You must comply with the limitations, monitoring requirements, and other responsibilities in accordance with General Permit No. MIG640000 and Certificate of Coverage No. MIG640207. Any reports, notifications, or questions regarding the NPDES program, the General Permit, or the enclosed COC should be directed to the DNRE office indicated on your COC.

Self-monitoring data is now required to be reported via the DNRE Electronic Environmental Discharge Monitoring Reporting (e2-DMR) system (see Part II.C.2. of the General Permit) unless stated otherwise in the General Permit or this letter. In accordance with the provisions of Part II.C.3. of General Permit No. MIG640000, the permittee is approved to conduct retained self-monitoring.

If your NPDES permit application included data on water treatment additives proposed for use at your facility, you will be contacted by the DNRE under separate correspondence. The enclosed COC does not authorize the discharge of water additives. You must receive written

approval prior to discharging any additives from your facility other than additives which are approved under ANSI/INSF Standard 60 "Drinking Water Treatment Chemicals."

Sincerely,

K Karen Lauterbach

CERTIFICATE OF COVERAGE (COC)

**Under General Permit No. MIG640000
Wastewater Discharge from Potable Water Supply General Permit**

COC NO.: MIG640207
DESIGNATED NAME: Ann Arbor WFP
PERMITTEE: City of Ann Arbor
MAILING ADDRESS: 919 Sunset Road

Ann Arbor, Michigan 48103

This COC authorizes the permittee to discharge wastewater associated with the production of potable water from the Ann Arbor Water Filtration Plant located at 919 Sunset Road, Ann Arbor, Michigan 48103. Consistent with the criteria and requirements established in General Permit No. MIG640000, the permittee is authorized to discharge 3 MGD of wastewater associated with the production of potable water from Monitoring Point 001A through Outfall 001 via an unnamed tributary of the Huron River. Outfall 001 discharges to the Huron River in the SW1/4, SE1/4, Section 18, Town 2S, Range 6E, Washtenaw County.

Sections of the general permit applicable to this facility include: the cover page, Part I.A.3 and Part I.A.10. through Part II.E.6., inclusively.

As determined under Part I.A.3.e., the daily maximum pH effluent limitation is 10.5 S.U.

References in the general permit to the Department shall be defined as the Jackson District Supervisor of the Water Bureau. The Jackson District Office is located at 301 East Louis Glick Highway, Jackson, Michigan 49201-1556, telephone: 517-780-7690, fax: 517-780-7855.

Any person who is aggrieved by this COC may file a sworn petition for a contested case hearing on this COC with the State Office of Administrative Hearings and Rules of the Michigan Department of Energy, Labor, and Economic Growth in accordance with the provisions of R323.2192(c) of the Michigan Administrative Code. The Department of Energy, Labor, and Economic Growth may reject any petition filed more than 60 days after issuance as being untimely.

The issuance of this COC does not authorize violation of any federal, state or local laws or regulations, nor does it obviate the necessity of obtaining such permits, including any other Department of Natural Resources and Environment (Department) permits, or approvals from other units of government as may be required by law.

This COC is based on a complete application received by the Department on February 2, 2010. The permittee is subject to all conditions specified in General Permit No. MIG640000 issued September 8, 2009, expiring April 1, 2015. This COC may be modified, terminated, reissued, or revoked as allowed for in General Permit No. MIG640000. On its effective date, this COC shall supersede COC No. MIG640207, issued January 27, 2005, which is hereby revoked.

This COC shall take effect on April 1, 2010.
