**Subject:** Affordable Housing Lockwood

Hello,

The need for affordable housing is needed in Ann Arbor. By addressing this the longevity of our residents supporting our city will stabilize as will our roads! We will have people able to live in the area of work, the wear and tear on our roads and bottle necks on Washtenaw and Huron will decrease.

Hello,

We need affordable housing for ALL in Ann Arbor.

Students, seniors, some of us who want to live simply.

It is less of a foot print to have well designed affordable housing then a neighborhood of individual homes.

When are we going to having housing that houses folks who work in the businesses that make A2 a place to go to for food and fun?

**Subject:** Affordable Housing got Seniors

Hello

We need affordable housing for all in A2.

Lockwood as senior housing is a smaller footprint than single homes.

We are a community of diversity and this includes ages.

Where can we go when we no longer can keep up our homes?

Inclusivity and welcome is what our city can offer.

We already know our A2 water is at risk. We know we need to address the housing LOST because of loss of the Y land.

Let 's get going.

Hello

Please know your efforts are valued and needed.

Having a roof over head

Is a vital right in life and with slow going and loosing the Y possibillity for housing we need action.

**Subject:** please investigate the possibility of local preferences for affordable housing

Hi Elizabeth,

I live in Ward 4. I am watching the CTN broadcast of City Council meeting. I am fed up with hearing about the need to create more affordable housing when a lot of what we have is not being used as well as it might be. I have a favor to ask of you. Will you please investigate the possibility of what are called local preferences for affordable housing? I ran this by Jack years ago and it went no where. A lot of our affordable housing is going to wealthy seniors who never lived in Ann Arbor before they moved to subsidized housing here. Why can't we have a local preference for affordable housing for people who already live in Ann Arbor? I know what I'm talking about. Happy to discuss further.

Thanks,  
Cathy Whitaker

Kathy, I couldn't stay for the meeting to discuss the amendment to Section 10:148 of chapter 126. Can we talk about the discussion later and also about ongoing pedestrian safety issues. Give me a call so we can talk more about this. Thanks. Denny Ramsey [REDACTED]

Thank you for all your invaluable strategic advice over the last 2 years. We would not have gotten over the finish line without you. So very sorry you are not sitting in the mayor's seat instead of that self righteous prig.

Hi! How could I change my vote on 19-0406? Is that possible? I'd like to be a NO.

Thanks,

Anne

Okay, do you have advice on whether I do that now or at the end of the meeting?

Though I knew it was coming, I remain disappointed by your yes on the rezone. I had hoped the new DIOXANE threat would have tipped the balance to not disturb this site. I am hoping that if the council takes up the issue of a more aggressive legal action to compel a cleanup that you will support those efforts.

Thank you again for your remarks prior to the vote, and of course for your vote itself. Your recognition of the need to deal with the DIOXANE plume and not just hope for the best were especially welcome.

After just a few hours of listening to the affordable housing above everything else folks, I am even more appreciative of your willingness to take the heat. Not to impute bad motives, but your public stand made it easy for your council mate to take the easy way out since he knew the rezone would fail.

Thank you for being a stand up guy.
