Hi Marilyn,

I wanted to let you know that I have received your email and have copied several of my co-workers on this communication as they may have more details to share with you on this specific topic.

Upcoming Meetings - We have a city calendar that indicates upcoming meetings <https://a2gov.legistar.com/Calendar.aspx>

Transportation Commission meetings - I have uploaded to this email the 2022 calendar year schedule for this group for you, which outlines all the dates and times for the meeting. You can also find Transportation Commission meeting links at <https://www.a2gov.org/departments/engineering/transportation/Pages/Transportation-Commission.aspx>.

Again, I have copied my co-workers on this email so that they can respond to some of the direct engineering questions related to this location.

Thank you very much for your communication and have a nice day.

Subject: Biking Intersection

Hello,

I'm concerned about the safety of biking the corner of south Main going north through Stadium Blvd. There are great bike routes all around that intersection, but where it's needed most, it disappears.

The next meeting for the transportation commission on the website is in the past; where can I find upcoming meetings listed? Where can I go to find any past discussions about this issue? Can you tell me how you decide where to put bike infrastructure and where public comment should be directed?

Thank you,

Marilyn Creswell
