Subject: Transportation committee

Chris,

I was pleased this evening to see City Council pass the resolution establishing a Transportation Committee, and I would like to put my name forward for membership on the committee.

I'm a 20+-year resident of Ann Arbor, and one-time member of the AA Bicycle Coordinating Committee. In any given week my family gets around by bike, feet, a kick scooter, Uber, the AAATA, a mini-van, and a motor scooter.

One of my goals on the Transportation Committee would be to further Ann Arbor's implementation of a Complete Streets approach. While there is currently a need for short-term measure to address immediate safety concerns, we must also take a long-term view that addresses a broader spectrum of issues.

I would be happy to talk or answer any questions you may have. Thank you for your consideration.
