Subject: For review and consideration of Hillside Memory Care, File #16-1607, at the 12/6/16 Planning Commission Meeting.

Dear M.r Kowalski,

I write to you as a citizen, homeowner, and taxpayer of Ann Arbor who will be negatively impacted by the above-named development. Our neighborhood suffers from flooding and stormwater runoff, and our own basement (1712 Orchard) has flooded on several occasions and we have recently have had to repair the foundation of our home. We are concerned that the runoff from the proposed development will further add to our neighborhood's problems.

Moreover, this is a neighborhood of modest, single-family homes, and the proposed development is not in line with the character of the neighborhood.

I urge you to reconsider this development.

Sincerely,
David Gold
