NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Colonial Oaks, LLC (the “Company”) was organized in 2014 under the laws of the State of Michigan to develop, own, operate and rehabilitate 25-units of affordable housing located within the boundaries of the City of Ann Arbor, Michigan. The Company has one member, the Ann Arbor Housing Development Corporation (the “AAHDC”), a Michigan nonprofit corporation. The Company commenced operations in June 2015.

Operating profits and losses from operations are determined and allocated to the AAHDC at the end of the fiscal year.

Basis of Presentation

The financial statements of the Company are prepared on the accrual basis of accounting and include the assets, liabilities and changes in equity relating to the business of the Company. The financial statements are presented in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Assets and Liabilities

Cash

Cash consists of cash on deposit and short-term investments with maturities of three months or less. The Company's cash accounts are subject to the Federal Deposit Insurance Corporation (FDIC) insurance limit of \$250,000 per financial institution.

Receivables and Payables

All receivables and payables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Prepaid Expenses

Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid expenses.

Properties and Depreciation

Buildings and improvements are recorded at cost, improvements are capitalized and expenditures for maintenance and repairs are charged to expense as incurred. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the statement of operations. The rental property is depreciated over estimated service lives using the straight-line method as follows:

Rental Income and Security Deposits

Rental income is recorded as earned and amounts received in advance are classified as deferred rent revenue. Security deposits are segregated from rental income. All leases between the tenants and the Company are operating leases.

Income Taxes

The Company is a pass-through entity for income tax purposes and, as such, is not subject to income taxes. The Company's federal tax status as a pass-through entity is based on its legal status as a LLC. The Company is required to file tax returns with the Internal Revenue Service and other taxing authorities. Accordingly, these financial statements do not reflect a provision for income taxes and the Company has no other tax positions which must be considered for disclosure.

The Company has implemented the Financial Accounting Standards Board (FASB) provisions regarding accounting for uncertainty in income taxes, which had no material effect on the financial statements. Management records contingent liabilities in accordance with U.S. GAAP and believes the Company has no material uncertain tax positions.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Ground Lease

The Company has entered into a ground lease with the Ann Arbor Housing Commission (the "AAHC") for the two separate existing apartment complexes that are considered one development project. The term of the lease is 50 years with annual installments of \$1 per year.

NOTE B: RELATED PARTY TRANSACTIONS

The AAHC manages the project for certain fees. The AAHC commenced management of the project in June 2015. The AAHC received management fees in 2017. The total of these fees for the year ended June 30, 2017 was \$18,846.

NOTE C: CONCENTRATIONS OF CREDIT RISK

The Company maintains its cash accounts in a national bank and does not consider there to be a significant credit risk arising from deposits in excess of federally insured limits.
