Southfield, MI 48037-5155

June 2008

Dear VIP:

I am pleased to enclose for your review a copy of Comcast Michigan Region's 2007 Community Investment Report.

This report highlights the significant investments Comcast continues to make in Michigan every day:

- As a technology leader and jobs creator
- By using our resources to support lifelong learning and education
- Creating awareness and celebrating Michigan's diversity
- Investing in local community organizations

By understanding and acting on the needs in our communities, we underscore our commitment to making the community a better place to live. Comcast understands that our business success, as a local company, depends on strong local communities. Because we are a local company whose employees live, learn, and work in the same communities as our customers, we have a vested interest in the quality of life in these communities that our competitors do not.

Comcast will continue to use our resources to support Michigan and the incredible opportunities this state continues to provide.

If you have any questions or would like more information on the enclosed materials, please do not hesitate to give me a call.

Sincerely,

Leslie Brogan

Community Report Summary Comcast Investment in Michigan 2007

**Comcast
Cares**

Comcast is proud to be a leading provider of managed services in the Michigan. During the past decade, we've helped our customers drive business growth, reduce risk, and improve productivity. We've built and scaled the services that have helped our customers succeed. We've built a strong foundation for our business, and we're committed to providing the best service possible to our customers.

 Comcast Michigan Region

Strengthening our communities through connections...

...as Michigan's leading provider of cable, entertainment and communications products and services.

...as an employer.

...and as a business partner.

We believe that the success of our business and the prosperity of the communities we serve go hand in hand.

abs

We will invest in people with the belief that our company can only be as strong as its workforce.

Comcast is proud to be a leader in innovation and investment in Michigan. In the last five years, the Comcast Michigan team has nearly doubled in size — with the addition of 500 employees last year alone.

Comcast continues to expand its products and services, creating high-tech jobs that are responsive to customer demands. With the launch of Comcast Business Services, small businesses now have a viable option for their communications needs with the benefits of Comcast's secure, privately managed broadband network.

Comcast has more than 4,500 Michigan-based employees who are dedicated to bringing the latest communications technology to Michigan residents.

Investments in new customer service centers in Dearborn and Lansing offer customers state-of-the-art facilities to learn about the latest in communications and entertainment technology. Our Dearborn facility represents the first bilingual Arabic-English center of its kind.

"I commend Comcast for recognizing the importance of the Dearborn community. This new service center will be an example to neighboring cities of how to meet the demands of diversity with care and ingenuity."

Senator Irma Clark-Coleman

As Comcast evolves, we continue to look to the future – seeking out new communications technology, new opportunities and more choices for Michigan. Supporting programs such as Future Forum by the Michigan Chamber of Commerce is just one example.

Comcast operates three Michigan-based call centers dedicated to serving customers in Michigan, including multilingual call centers with Hispanic- and Arabic-speaking employees.

Thank you for bringing and expanding call centers in Michigan at a time when people are investing in call centers in India and elsewhere. This is a great statement...that the decision has been made to invest and grow in Michigan."

Governor Jennifer Granholm

Community

We will entertain, inform and empower our customers while enriching our communities.

Comcast recognizes its responsibility as a technology leader to support initiatives that benefit the community. To this end, we maintain longstanding relationships with local organizations, support local causes and make region-specific programming available across the state.

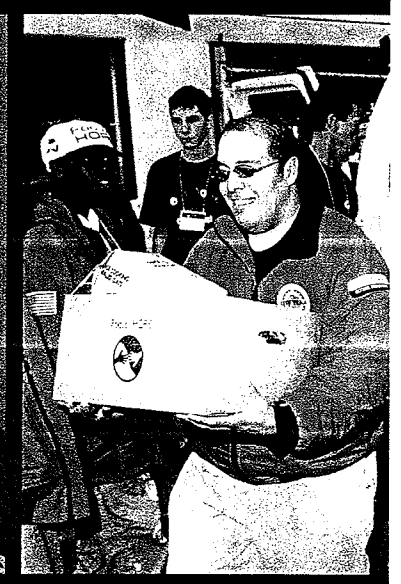

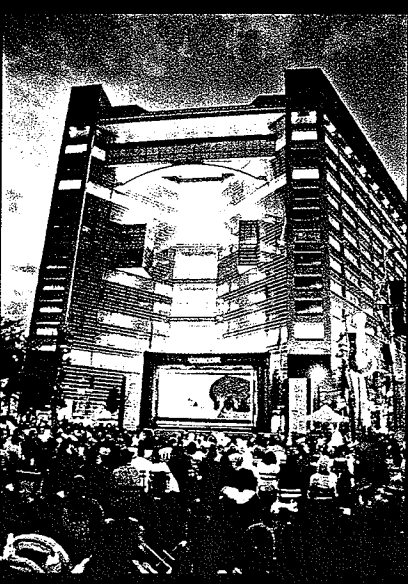

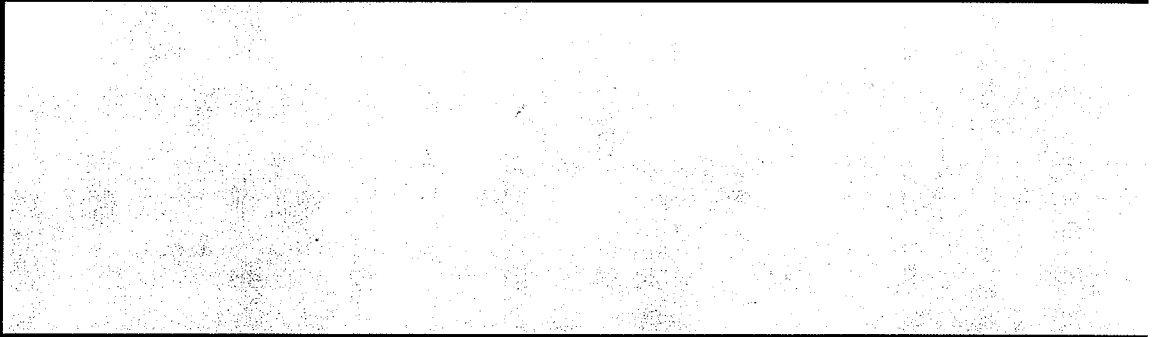

Comcast employees, their families and friends have committed more than one million hours of service through Comcast Cares Day and other volunteer programs.

"We're proud of the fact that City Year's partnership with Comcast began in Detroit and now is nationwide. Comcast is a fabulous partner."

Last year alone, Comcast employees along with their friends and families volunteered more than 40,000 hours of community service.

Comcast understands the importance of using our local resources to help build strong communities. Through partnerships with organizations like Habitat for Humanity we can make an impact.

Diversity

We will respect and reflect the customers, communities and culture we serve.

At Comcast, we celebrate the culture of diversity in all that we do. We not only provide a discrimination-free workplace that nurtures the potential of every individual, we also offer multilingual call and customer service centers and programs that cater to the cultural interests of various communities. Our commitment to diversity is woven into the fabric of our business — it is reflected in our workforce, suppliers and principles of social responsibility.

"Thank you to Comcast once again for the support of the Asian Pacific American Heritage Month celebration in Lansing. I applaud them for joining us to commemorate the culture of this growing community in Michigan, one that will continue to add to the economic and cultural diversity of our great state."

*Hoon-Yung Hopgood
State Representative*

Frank Lopez, former President and CEO, US Hispanic Chamber of Commerce Foundation with Dave Buhl, Comcast Senior Vice President, Michigan Region.

"We are honored to partner with both the USHCC Foundation and Comcast on this project of relevance to the Hispanic business community. The USHCC Foundation continuously brings forth innovative and beneficial programming for the local chamber network and in Detroit we are thankful for their ongoing efforts."

Ray Lozano

From right: Comcast Corporation COO and Comcast Cable President Steve Burke, his daughter Seanie and Detroit Urban League President and CEO N. Charles Anderson.

"The Detroit Urban League has been very fortunate to have the support of Comcast over the years. Comcast has been and is a great community partner and corporate citizen."

*N. Charles Anderson
President and CEO
Detroit Urban League*

Comcast provides ongoing support for Black History Month, Hispanic Heritage Month and numerous other programs that support our ethnic communities in Michigan.

- Comcast is proud to be recognized for promoting diversity in 2007:**
- Top 50 Corporations for Diversity" – *Diversity Inc.* Magazine
 - Top 60 Companies for Hispanics" – *Hispanic Business Magazine*
 - Corporate Leadership Award" – Hispanic Federation
 - 2007 Corporation of the Year" – National Society of Hispanic MBA Detroit
 - Bridge the Divide Award" – Detroit Hispanic Development Corporation
 - Commitment to Diversity" Award – American Arab Chamber of Commerce
 - Corporation of the Year" – Detroit Urban League
 - Diversity Recognition" – Michigan Business and Professional Association

Education

We will commit ourselves to developing the leaders of tomorrow.

Comcast is committed to preparing today's youth for a brighter tomorrow. In 2007, we invested \$20 million in resources that support youth leadership development, volunteerism, literacy and lifelong learning. We're committed to enriching education all-around — in the classrooms, community centers and homes. That's why Comcast has worked to develop community partnerships that support our neighborhoods with a wide variety of human, financial and technological resources.

THANK YOU COMCAST

From Mrs. Schultz's Class at Lewton Elementary

In 2007, Comcast contributed \$4 million to Cable in the Classroom (CIC), which provides schools and libraries across Michigan with free cable, broadband Internet and access to 500+ hours of educational programming and online resources.

Now in its seventh year, the Comcast Leaders and Achievers program honors exemplary students for their positive contributions in their schools and communities. In 2007, more than 1,700 students across the country received \$1,000 college scholarships through the Leaders and Achievers program. To date, Comcast has awarded more than \$10 million in scholarships to deserving students.

As youth mentors, Comcast employees share their knowledge with tomorrow's leaders. Combined with Comcast foundation grants, thousands of children have benefited from mentor programs throughout Michigan.

Comcast Michigan at-a-glance

- Largest broadband and cable television provider
- 3rd largest telephone provider
