

# Proposal to Construct New Box Hangar(s) at Ann Arbor Airport

Wayne Powell

# Background

- I am a private pilot and long term hangar tenant on the airport
- I would like to build one or possibly two box hangars in the Northeast Tee's area for personal use. The second hangar would be of similar use to mine by another pilot/aircraft owner.
- The goal is to complete the project this year before the onset of winter.

# Request

Asking your approval to proceed with planning and execution of this project.

I am cooperating with the FAA, MDOT, the Airport Manager, and local building authorities to ensure compliance with all regulations and requirements including environmental, building codes, and tax authorities.

Thank you

Wayne Powell
