**COMMUNICATIONS FROM COUNCIL****COUNCILMEMBER KUNSELMAN**

*Councilmember Kunselman said that the far east side of Ward 3 is one of the largest geographic areas within the city with low to moderate income families. There is a shopping district that fronts Saint Aubin Ave., which is a city-owned public right-of-way. That right-of-way has been neglected by the City for at least the last decade. The business owners of that area have not been able to get assistance with restoration of Saint Aubin. He asked staff if that restoration would be able to take place and was told that in order to do so, those businesses would have to set up a special assessment district and pay for it themselves. The City has had a change of opinion and he shared with Council the following statement from an email he received regarding the issue:*

*Project Management staff indicates that based on the pavement condition rating for this section of roadway, this section will be under consideration for inclusion in the 2014 street resurfacing program. Under consideration doesn't mean that it would be included in the program, but the section would be evaluated and priority given for other street conditions.*

*Councilmember Kunselman said that this is very exciting and he would be looking forward to having his colleagues' support for including the Saint Aubin Avenue resurfacing in the 2014 street resurfacing program, so that those businesses that service the low to moderate income families in that area have the same infrastructure improvements that have been seen elsewhere in the City.*

*Councilmember Kunselman announced that he would be requesting to postpone B-2 (Chapter 7 - Downtown Development Authority Ordinance Amendments) and also requesting the Mayor to keep the public hearing open as well.*

**COUNCILMEMBER HIGGINS**

*Councilmember Higgins said that as Chair of the Budget Committee, she asked a member of the Committee to collect all of Council's proposed amendments for the upcoming budget. This allows for a single collection point and one point of contact for staff for any proposed budget amendments Council may have.*

*Councilmember Higgins said that Councilmember Lumm will be this year's collection*

point (councilmember) for all budget amendments and all amendments should be forwarded to her. Amendments should be sent by 5 p.m. on Tuesday, May 14, 2013, so that the amendment document could be sent to Council by Thursday, May 16, 2013. Councilmember Higgins reminded her colleagues that early submission of possible amendments to Finance allows for staff to have time to analyze the budget impact of the amendments. Councilmembers could submit a proposed amendment for review and still later decide not to make the amendment during the budget approval.

Councilmember Higgins said that the Admin Committee has requested City Administrator Powers schedule a workshop with the Michigan Municipal League (MML) to speak with Council regarding attorney/client privilege information.

City Administrator Steve Powers said that April 29, 2013 has been scheduled for the MML to speak with Council.

#### COUNCILMEMBER WARPEHOSKI

Councilmember Warpehoski announced that any member of the public who signs up for the Commuter Challenge during the month of May will receive a free cookie from The Lunch Room, a new restaurant located in Kerrytown.

Councilmember Warpehoski stated he and Councilmember Anglin are hosting a townhall meeting in the Fifth Ward to discuss the proposed changes to the Sign Ordinance. The townhall will be held at Downtown Home and Garden on April 29 starting at 7 p.m.

#### COUNCILMEMBER BRIERE

Councilmember Briere said the Public Art Task Force would be bringing an ordinance amendment to Council at the first meeting in May. The Task Force has one more meeting scheduled and all proposed ordinance changes would be proofed by the members and then move forward in ordinance form to the Council for final review and approval.

Councilmembers Briere and Kailasapathy have been meeting with City staff and expect to bring an ordinance change that governs Chapter 12; dealing with infrastructure improvements to vacant lots. This change should significantly address some of the issues councilmembers have identified within the existing ordinance. The changes are being made to find an equitable and coherent way to assess new properties, including appropriate charges for sanitary and water service. This ordinance is expected to be ready for the May 6, 2013 Council meeting.

#### COUNCILMEMBER ANGLIN

Councilmember Anglin said that he was pleased to see the Superintendent of the Ann Arbor Public Schools at tonight's meeting. He thanked the City Administrator for starting the dialog with the schools.

#### COUNCILMEMBER TAYLOR
