Hello Chair Mirsky and Missy,

I am writing to inform you both that I will be leaving Ann Arbor and relocating to Washington, DC in September. Given this, please accept this as notice that I will be resigning from my role as Commissioner this year.

I understand from the bylaws that one has to be a registered elector at the time of appointment, but I guess it's unclear to me if I can continue to serve for any period after moving. However, as I know there have already been several departures recently, if serving a bit further into the fall (or longer) is a helpful option, I am happy to do so. Let me know what makes the most sense.

Best,
Edie
