Subject: Maple Cove Apartments and Site Plan

Sirs:

I am a resident and Home Owner of 1815 N.Maple Rd.

My family and I are totally opposed to any multi-unit apartment proposed for this section of N Maple. My main concerns, among many others, are the safety of my family and our property and the increased traffic that will undoubtedly result from this project. This section of N Maple is already highly dangerous at peak traffic hrs. Drivers routinely fail to even stop for public school buses and the street is a virtual extension of the m-14 on ramp and round- about. Increasing the number of residents will only make this situation worse. Unfortunately AA police cannot or will not monitor or control traffic in this area. Also with the advent of new retail stores on the corner of Miller/Maple there will be an increased amount of pedestrian traffic which will necessitate a side walk on the west side of the street.

I expect you to take a careful and pragmatic view of this proposal and consider all the unintended circumstances that will result from this poorly conceived project . Please respect the desires of this neighborhood and reject this site plan as currently proposed.

Thank You,
Joseph Hamilton
