

NOTICE OF AUTHORIZATION

Permit Number: WRP028549 v. 1
Site Name: 81-Traver Lakes-Ann Arbor

Date Issued: June 3, 2021
Expiration Date: June 3, 2026

The Michigan Department of Environment, Great Lakes, and Energy (EGLE), Water Resources Division, P.O. Box 30458, Lansing, Michigan 48909-7958, under provisions of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended; specifically:

- Part 301, Inland Lakes and Streams.
- Part 303, Wetlands Protection.

Authorized activity:

Install approximately 32 cubic yards of riprap in an unnamed tributary to Traver Creek to create six cross-vane structures. Install approximately 407 cubic yards of riprap in the stream to construct 1,110 linear feet of riffle and pool structures. Remove an existing concrete pad from the stream. Install approximately 32 cubic yards of riprap within the stream at multiple storm water outfalls. Remove an existing weir and footbridge from the stream. Install a 36 foot long, 6-foot-wide pedestrian bridge over the stream. Remove an existing wooden retaining wall from the stream bank. Install a manhole drop structure and 24 linear feet of 48-inch diameter culvert as an extension to the existing Tuebingen Parkway stream crossing. Install approximately 25 cubic yards of riprap in the stream at the outlet of the culvert. Install approximately 49 cubic yards of riprap within 0.11 acre of wetland to construct riffle and pool structures. Excavate approximately 15 cubic yards of material from 0.04 acre of wetland to restore a previously existing channel. Install approximately 90 cubic yards of riprap along 535 linear feet of shoreline in the ponds. Remove two existing 24-inch diameter concrete culverts from the eastern pond outlet. Install a 36-inch diameter outlet control structure with a stop log structure at the eastern pond outlet. Perform an annual 6-inch drawdown in the eastern pond. Reline the existing outlet pipes located in the western pond. Install approximately 15 cubic yards of riprap within the stream located at the downstream outlet of the western pond for erosion protection.

All work shall be completed in accordance with the approved plans and specifications of this permit.

To be conducted at property located in: Washtenaw County, Waterbody: Unnamed tributary to Traver Creek, wetland, and ponds; Section 15, Town 02S, Range 06E, City of Ann Arbor
