Dear City Clerk,

We are in receipt of the Notice Of Public Hearing regarding the rezoning of lower Burns Park.

We are the owners of 1315 South State. It is unclear from the letter whether our property is within 100 feet of the proposed rezoning district. It is likely that our property is within 100 feet of the western terminus of Granger Avenue.

To the extent that our property is included within the population of owners from whom the City Clerk is seeking a response, we object to the passage of the amendment.

Thank you,

John Criso
