Below is a small part of a statement that Jerry Hancock, Ann Arbor Stormwater and Floodplain Programs Coordinator, sent to CPC in a memo on 2/6/23. I have sent his entire statement to council in an email.

"The current proposal to rezone the land from PL to PUD, sell the property, develop it more intensely than the

existing condition, and to facilitate a large residential structure is inconsistent with the established floodplain mitigation policies of the City."

Please listen to Mr. Hancock, our city's stormwater expert, and do not go forward with this plan. Why not give the entire site to the Treeline Trail instead? Thank you.
