Subject: 2929 Plymouth Rd

To Whom It May Concern, I live at 2814 Briarcliff Street- just off of Prairie. The building- 2929 Plymouth Rd is at the intersection of Prairie and Plymouth. I am also a local business owner. I direct Arbor Psychology Group and have offices in two buildings on Plymouth Road- both next to/on the same side of the street as 2929 Plymouth Rd. I am writing both as a resident and a business owner.

I am **very** concerned about the proposal for a drive-through bank on that corner. It is already extremely difficult to turn out of the subdivision at certain times of day. There are many school children and pedestrians who use that corner and the increased traffic is a **significant safety concern**. I strongly do not want that many cars coming into the neighborhood- especially when we already have so many banks in the area.

I hope you will consider these comments and not move forward with a drive through credit union/bank at that location.

Thank you for your consideration, Beth Pearson
