Subject: Alden Dow building

Dear City Planning Commission,

I suggest that the Alden Dow building at 2929 Plymouth Road be preserved and repurposed.

The corner of 2929 Plymouth Road and Prairie St. already has high traffic volumes as a major access to Thurston Elementary School and Clague Middle School.

Banking drive-through lanes would create even more traffic and air pollution from vehicles idling in line.

Thank you for your consideration.

Ken Ishii

Neighborhood Resident
