Subject: House sale at 1919 Wayne St.

Dear Planning Commission:

I live across the street from the house at 1919 Wayne St. I would like to comment on the proposed sale of this property to the Jesuits. I am in favor of this sale.

I have for several years been walking my dog past the current Jesuit residence on Ferdon. The house has been very well-maintained, and quiet. I have sometimes seen one or two people sitting on the porch, engaged in conversation who sometimes wave as I walk by. They seem like potentially desirable neighbors, and that they would be an asset, not a liability to this area. Hence, again, I favor granting them the exemption.

Sincerely,
Esta Grossman
