Subject: 1919 Wayne Street exemption

I am writing as a longtime resident (and current homeowner) of the Oxbridge neighborhood, although not an immediate neighbor of 1919 Wayne Street. I moved here when I was a child and our family benefited significantly from the fraternities and graduate student coops that were in close proximity to our house. It always seemed to us that it made life more interesting to meet and live with people of different ages and in different stages of their lives.

I am in favor of the pending sale of the home at 1919 Wayne Street to the Jesuits. I have read many of the letters submitted by other Ann Arbor residents and recognize the significant range of opinions represented. The letter from Elizabeth Papp Kamali most accurately reflects my feelings. I believe that the Jesuits would be an asset to the Oxbridge neighborhood and I would be happy to welcome them here.

Thank you.
