**Subject:** 2250 Ann Arbor-Saline Road Condominium Project

Dear Ann Arbor Planning Commission and Staff:

My mother lives at 521 Lambeth Drive in Lansdowne. The 2250 Ann Arbor-Saline Road condominium project that is under consideration directly affects her and other neighbors. I will not repeat comments that I made about the project in my previous e-mails to you. I continue to standby those comments. I am still opposed to the project with the Lambeth Drive access, which will significantly increase traffic in the Lansdowne subdivision and the storm water detention pond, which will threaten properties on Lambeth, Ascot and Chaucer Court. Other concerns about the project include the destruction of hundreds of trees and other vegetation on the wetlands property, the dislocation and harm to animals living in the wetlands and the reduction in property values in Lansdowne that will occur if this project moves forward.

Sincerely,

Aram Kalousdian
