Subject: A neighbor's statement re. Circle K Redevelopment at Stadium and Packard

Dear Planning Commission,

We are among the neighbors who will be affected by the redevelopment of the Circle K gas station at East Stadium and Packard, and we are writing to express our support for the alternative plan (the one presented to the neighbors by Circle K and Quatro on 2/22 with Brett Lenart in attendance; see attached PDF). While it is still not ideal, we believe that this plan will have a far less harmful impact on our end of Iroquois Place than the current by-right plan.

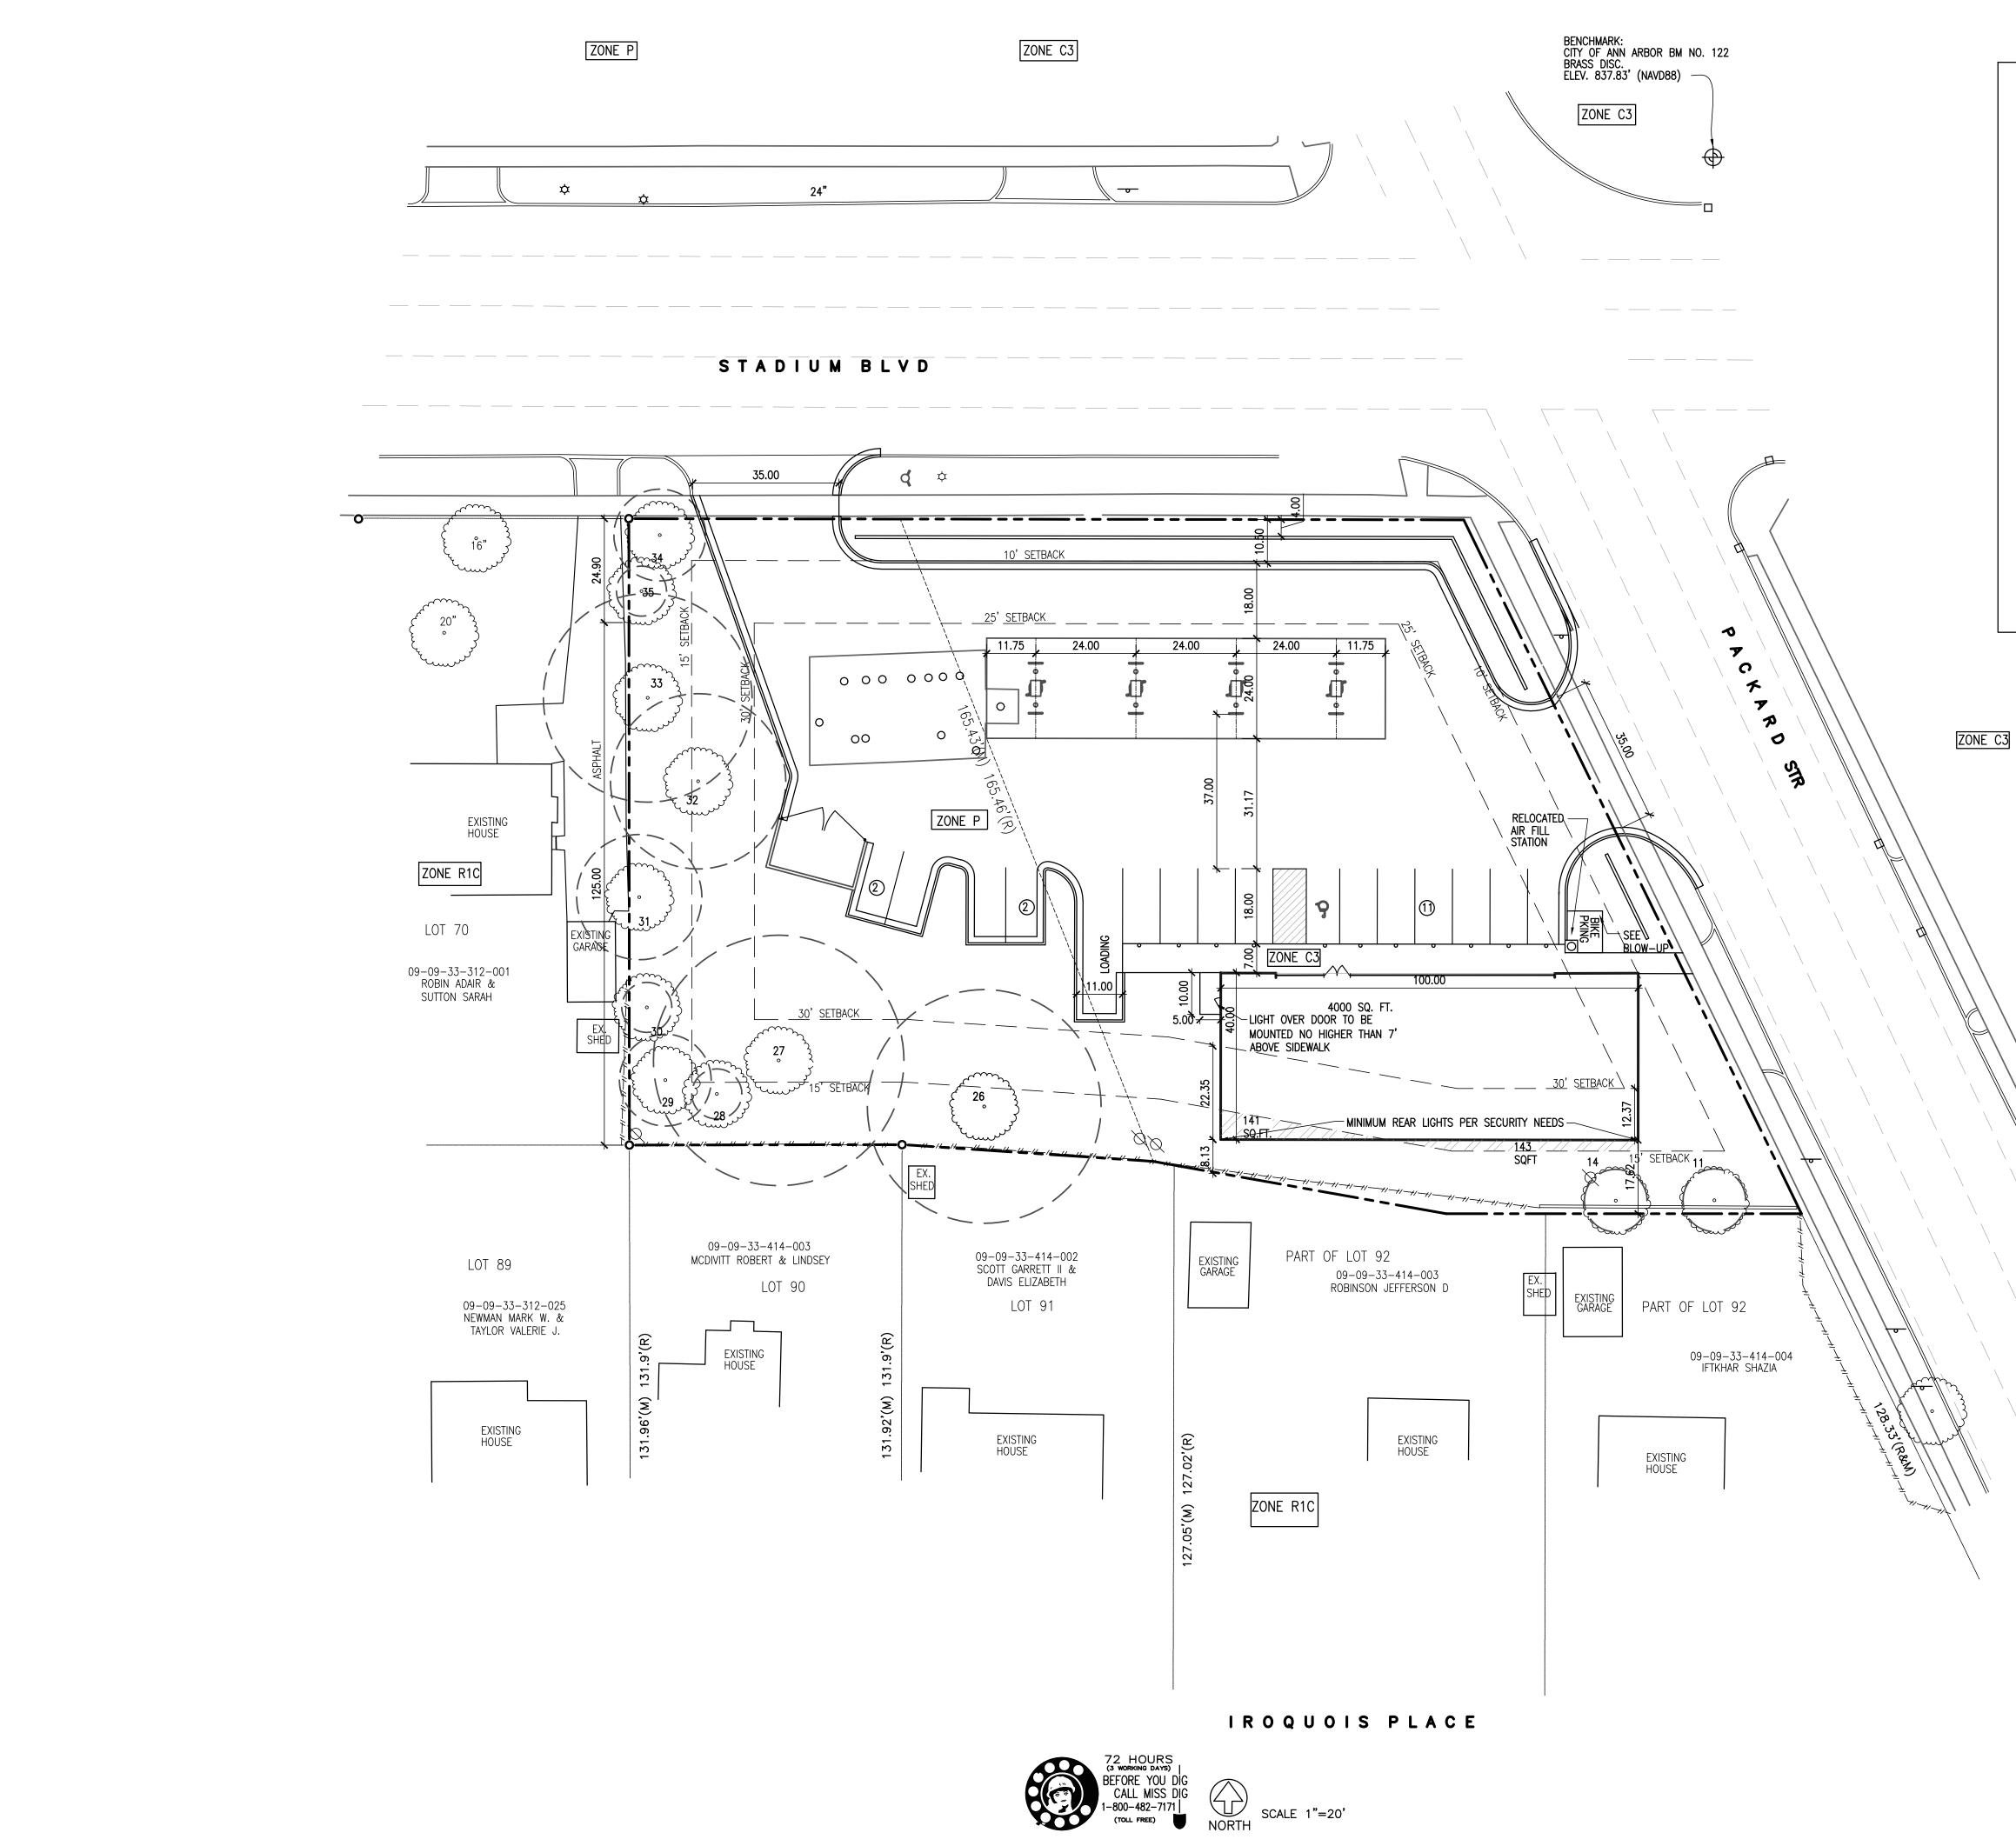

Our primary concern with regard to the redevelopment is the impact of light, noise and traffic fumes on our home and those of our nearest neighbors. The alternative plan has vehicles and lights farther away from residences, and it preserves more trees as a buffer. It is also superior when it comes to pedestrian safety-- an important factor at an already-dangerous intersection.

We understand that the alternative plan will require a zoning variance to build a portion of the new building within the 30-foot residential buffer zone, and we pledge to support such a variance when the developers seek it.

Thank you very much for your continuing work on this.

Amy Crawford and Dmitry Berenson 1418 Iroquois Place Ann Arbor, MI 48104

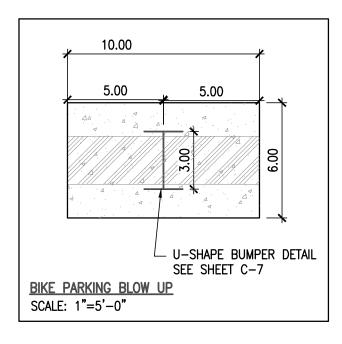

518-321-4525
