To Members of the Zoning Board of Appeals,

I am writing to express my support for the authorization sought to improve the nonconforming structure at 331-333 E. Jefferson. The improvements do not include any expansion of the building footprint, will not have a detrimental effect on neighboring property and will likely contribute toward an increase in overall neighborhood appreciation.

Owned and managed properties within 300 feet of this ZBA request:

318 E. Jefferson
422 Hamilton
432 Hamilton
432 S. Division
428 S. Division
426 S. Division

Thank you for your consideration,

Peter Deininger
