**Subject:** Proposed housing development

Are you seriously considering approving the 617 bedroom development? Before approval is granted, please fix the current traffic situation, abuse of our roads, erosion of our neighborhood, and increase in risks to our safety. Laws are constantly being broken by the truckers who haul to the development sites and more traffic in the area (Pontiac Trail/Barton Drive) has only added to the running of red lights, speeding, and disrespect for the people who live here.

Before approving, or even considering more development, while at least three are in process, please ASSESS the current situation : traffic; safety; environmental impact; integrity of neighborhood. Then we'll talk.

Patricia Ressler-Billion
