

2018 TRANSPORTATION COMMISSION WORK PLAN

This work plan identifies a schedule of anticipated agenda items for monthly Transportation Commission meetings. Monthly Commission agendas will be set using the work plan as guidance and incorporating new topics that may come up throughout the year. Topics for information and discussion have been identified taking feedback from Commission Members and staff input into consideration. Establishing common understanding on various aspects of transportation will provide a framework for the Commission to contribute input in the future. Updates to this work plan can be made, as needed.
