Emails received and sent to me as a Councilmember regarding City matters are generally subject to disclosure under the Freedom of Information Act.

4.3 The term of each voting member is three years, except that youth member, if any, is one year. The term of the Council liaisons shall be determined by City Council consistent with Council appointments for committees. Appointments shall be staggered so that one third of the voting members' terms expire each year. At least three months before the expiration of the term of any member of the Commission, the Commission shall initiate a community-wide effort to recruit new applicants, identifying any skills it believes new Commission members should ideally have, but such skills shall not be deemed requirements for membership. The Commission shall advise the City Council liaisons regarding nominations to the Commission.

9.4 *Youth Groups.* The Commission or its members may consult with groups composed of youths residing in Washtenaw County ~~between the ages of 16 and~~ under the age of 21 years old, inclusive and may make broad-based outreach efforts with particular efforts to secure the participation of youths from marginalized communities and vulnerable communities, and youths who have had significant encounters with the police.

Hi Jane- I'm watching City Council, although I had to pause and so am a little bit behind. I just watched the Council majority vote down your survey. So disappointing. I found it ironic that those who didn't want to hear the voice of the people used as their justification that most of their surveys aren't really that accurate so this statistically accurate survey would just cost too much. Unbelievable. Thank you for trying. I can hardly wait until November 19th. -Peace, Kitty

Friends, neighbors, and colleagues,

I am sorry I can not be in attendance tonight. As many of you are aware over the past few years I have been battling cancer. Unfortunately at the end of July during a routine follow-up exam, I learned that I had relapsed with an aggressive form of cancer and since late August I have been in treatment at the Mayo Clinic.

As I leave Council, I want to say It has been a great honor and privilege to serve the City and the residents of the 4th Ward over the past 4 years. One of my absolutely favorite things about being on Council has been the opportunity to work with residents in helping them to find answers to their questions and solutions to their problems. Serving on Council has been an extraordinary experience made all the better by having the opportunity to work with so many wonderful people in helping make the City a better place to live for everyone.

I want to thank City staff for your professionalism and dedication in serving the City and residents of Ann Arbor. It has been a tremendous pleasure to have worked with such a committed group of people over the past four years. The staff are true public servants who work hard with such passion, integrity, creativity and talent in service to Ann Arbor. Our exceptional community would not be possible without these dedicated public servants.

To my current and past colleagues on Council, it has been a honor to have served alongside all of you and in sharing our common passion for the City of Ann Arbor. We didn't always agree on every issue, but it was in discussing our differences that we best represented the City. I greatly appreciate your work and diligence during my time on Council and I wish each of you all the best for the future.

To the in coming Council, I wish each of you all the best in handling the new challenges you will face and the difficult decisions you will have to make in the coming months.

I especially want to thank my family. My daughter Grace, and my wife Greta and my mother-in-law Gretchen for your love and support over the past four years. I never could have done it with out you.

Thank you again for the privilege of serving Ann Arbor and its residents. It has been a tremendous honor.

Regards,  
Graydon Krapohl

Chip and Chuck,

Thank you so much for supporting moving the ADU ordinance forward, and for your encouragement and advocacy tonight. You both said nice things about me, but I really have to think the hundreds of organizers, attendees, and staff who made the work possible, including you two. I am grateful to be represented by people who understand the complexity and necessity of advancing local housing policy; while tonight was little in the grand scheme of things, it felt amazing to see the work continue to move forward thanks to you.

Your constituent and friend,
