Annual Plan Attachment

Section B.1 Annual Plan Element Proposed Changes FY20

Statement of Housing Needs and Strategy for Addressing Housing Needs.

The AAHC currently has the following preferences persons with a disability, residential, and homeless. About 50% of the AAHC's voucher tenants are non-elderly disabled households. AAHC opened the HCV Waiting List for one week, on November 12, 2018; we received over 4,300 applications. Below are the demographics as reported by the applicants:

White	845
Black	3093
Asian	23
American Indian	8
Pacific Islander	16
Multiple Race	316
No Identification	2
Hispanic	137
Non-Hispanic	4166
Female	3375
Male	928
Average Annual Income	\$10,948
Average Household Size	2 Persons
Near Elderly (Age 55-60)	602
Elderly (Age 62 and older)	187
Disabled	1532
Homeless	1683
Non-Elderly Disabled (Age 18-61)	1369

Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.

4-II.B. Organization of the Waiting List

Previously, the administrative plan policy said that applicants may submit an application online once AAHC converts to an online application process. AAHC has since purchased a software system for online applications. The current policy changes requires families to submit an application using the online system, except for reasonable accommodation. In addition, AAHC included language that a family may only submit one application during the opening application period.

4-II.C. Opening and Closing the Waiting List

Under the previous policy, AAHC will place applicants on the waiting list using a first come first served method. This method is driven by date and time of application. AAHC added language to include both first come first serve, and the random lottery selection method for placing applicants on the waiting list. By including both methods, AAHC will have the option to use either method, accordingly.

17-VI.C. ORGANIZATION OF THE WAITING LIST

HUD requires AAHC to list the number of waiting list it will manage. AAHC currently manages one waiting for the HCV program, one list for the AAAHC properties converted under the RAD program, and one list for a PBV property not owned by AAHC. AAHC will maintain one list for PBV properties not owned by the AAHC, at the request of the owner. The administrative plan has been amended to reflect these changes.

Closing the Waiting List

The language in this section of the administrative plan suggested the AAHC maintained a pool of applicant sufficient for 24 months. AAHC amended the language to allow flexibility in determining an adequate pool of waiting list applicants on an as needed basis. HUD regulation requires the AAHC to post a public notice, including community partners, and social service agencies. Also, HUD regulation requires PHA's to implement fair housing practices and provide reasonable accommodations for a disabled person. AAHC adopted a policy to continue to receive applications for applicants eligible for targeted funding programs.

4-II.E. Reporting Changes in Family Circumstances

Previously, the policy states that applicants must submit changes in writing. AAHC amended the policy requiring applicants to make changes online using the online system, unless an applicant requests a reasonable accommodation to submit it over the phone or in writing.

4-II.F. Updating the Waiting List: Purging

The policy language regarding purging the waiting list was removed because HUD regulation provides procedures to remove families from the waiting list.

4-III.C. Selection Method

The administrative plan was amended to include language that a PHA is not required to establish a preference when the PHA receives HUD targeted funding. Also, language was included to clarify that the PHA may continue to accept applications for applicants eligible for HUD targeted funding when the waiting list is closed, according to PIH Notice 2012-34.

Local Preferences

In addition, the Violence Against Women Act (VAWA) local preference was removed because VAWA victims are eligible to receive a voucher immediately under the AAHC Emergency Transfer Policy.

Chapter 6: Income and Determining Subsidy

Child Support

AAHC amended the policy used to verify child support income. The AAHC no longer requires families to show evidence they have tried to collect child support payments. Additional amendments provided in Chapter 7 removes the language requiring families to provide proof of child support payment enforcement.

7-II.A. Verification of Legal Identity

Families must provide documents to verify their identity. The policy amendment allows AAHC to accept Social Security Administration Benefit letters from adults and Hospital Certified Proof of Birth documents for children as proof of identity.

7-II.D. Family Relationships Separation or Divorce

Families must provide documents to verify their marital status, if applicable. In addition, the policy amendment allows the acceptance of certified affidavits as proof of separation and divorce.

7-III.B. Business and Self Employment Income

Previously, AAHC policy required PHA staff to assist with developing financial statements for families who have business income. The amended policy allows AAHC to accept income tax statements or audited financials as verification of income.

11-I.B Streamlined Annual Reexaminations

Previously, AAHC policy required re-certifications effective January 1st or later to include the Social Security Administration (SSA) COLA increases. AAHC adopted a policy to streamline this process. AAHC policy now states that only incomplete re-certifications that are effective January 1st or later will include the SSA COLA increase. Additional amendments provided in Chapter 11 adds the language requiring only incomplete Annual recertification effective January 1st or later must include the SSA COLA increase.

11-II.C. Changes Affecting Income or Expenses

AAHC clarified the language regarding PHA-initiated and Family-initiated interims. PHA staff start PHA-initiated interims. The family starts family-initiated interims. AAHC provided clarification regarding when the PHA and the family must initiate interim re-certifications. The AAHC will conduct an interim reexamination for Earned Income Disallowance (EID) eligible families at initial, phase-in, and completion of their EID participation. In addition, AAHC will conduct an interim reexamination for zero-income families every six months. Lastly, AAHC will conduct an interim reexamination at any time the families income is annualized because third party verification was not obtained but later provided, and anytime the PHA determine it necessary to correct tenant rent or housing assistance payments. Family-initiated interim reexamination will be conducted for Family Self-Sufficiency participants and EID participants.

Moving To Work – Voucher & Public Housing Program (Proposed)

The AAHC is considering applying to HUD to become a Moving To Work (MTW) agency. Congress has approved expansion of the program to 100 Public Housing Agencies. The following excerpts are copied from HUD's website:

Moving to Work (MTW) is a demonstration program for public housing authorities (PHAs) that provides them the opportunity to design and test innovative, locally-designed strategies that use Federal dollars more efficiently, help residents find employment and become self-sufficient, and increase housing choices for low-income families. MTW gives PHAs exemptions from many existing public housing and voucher rules and more flexibility with how they use their Federal funds. MTW PHAs are

expected to use the opportunities presented by MTW to inform HUD about ways to better address local community needs.

What are MTW agencies permitted to do under MTW?

PHAs selected for the demonstration are permitted to seek exemption from many existing Public Housing and Housing Choice Voucher program rules found in the United States Housing Act of 1937 in pursuit of the three MTW statutory objectives:

- Reduce cost and achieve greater costs effectiveness in Federal expenditures;
- Give incentives to families with children where the head of household is working, is seeking work, or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient; and
- Increase housing choices for low-income families.

PHAs in the MTW Demonstration also have the flexibility to combine Federal funds from the public housing operating and modernization programs and Housing Choice Voucher program into a "block grant" to help them better meet the purposes of the demonstration and the needs of their communities.

While MTW agencies have considerable flexibility, they must still abide by all other federal rules and regulations, including the Fair Housing Act, the Civil Rights Act, labor standards, environmental rules, procurement guidelines, demolition and disposition procedures and relocation regulations. For all activities that affect their residents' rent payments, PHAs must also conduct an impact analysis that recognizes the unforeseen circumstances that may affect their residents and develop an appropriate hardship policy. These safeguards help minimize any potentially negative impact of MTW on residents and communities.

The AAHC would like feedback from the Resident Advisory Board on the rules and regulations you would like the AAHC to consider changing that would make it easier to participate in our programs. We would like to know which program rules and regulations are the hardest to comply with.

One of the changes we are considering is to provide a flat rent subsidy or a tiered rent subsidy to all eligible participants rather than changing the rent subsidy every time the tenant's income increases and decreases. This would eliminate or greatly reduce interim income certifications because once a tenant is eligible, the rent subsidy would either stay the same until the next annual income certification or require a significant change in income to change the rent subsidy. The AAHC believes this will streamline the process and provide greater incentive for tenants to increase their income.

The AAHC would also like to revise 3rd party verification requirements. Many third party verifications are difficult to secure, particularly from banks and higher education institutions. In addition, the AAHC is considering a change to rent reasonable and payment standard requirements due to the high cost of housing in Washtenaw County, especially in the City of Ann Arbor, Ann Arbor Township, Saline, Chelsea and parts of Pittsfield Township.

Section B.2 and C.1 New Activities

The AAHC owns a single family home on Garden Circle that was acquired through HUD's Turnkey III lease to ownership program. The Turnkey III program no longer exists and the AAHC will be removing this unit through the disposition process.

Section B.5 Progress Report

Please see the 4 goals from FY 15 – FY 19 Plan with a progress report for each goal

- 1) *Complete Redevelopment of all public housing units to Project Based Vouchers through the Rental Assistance Demonstration (RAD) project*

The AAHC has been approved by HUD to redevelop all of its public housing to project based vouchers under the RAD program. Phase 1, 2, 3 & 5 are completed. Phase 4 has closed on financing and is under construction.

- 2) *Develop new affordable housing*
 - a. *At existing public housing sites*
 - b. *New properties*

The AAHC received site plan approval for 3 RAD properties to demolish and build new housing. The Phase 3 location at N. Maple added 23 apartments. The Phase 4 location at White/State/Henry will be adding 4 apartments and the Phase 4 location at Lower Platt will add 28 more apartments. When Miller Manor was redeveloped, 3 apartments were added for a total of 58 new apartments.

- 3) *Increase the number of Project-Based Vouchers in the City of Ann Arbor and other communities in Washtenaw County that have a strong economic base and public transportation.*
 - a. *Issue a Request for Proposal for to project-base up to 20% of the AAHC's budget authority in order to de-concentrate poverty and expanding housing and economic opportunities for very low-income and special needs households in the City of Ann Arbor. AAHC projects that we will convert about 200 vouchers to project-based vouchers.*

The AAHC issued a RFP to project-base vouchers in the City of Ann Arbor and received applications for 218 project- based vouchers and approved 183 units. The AAHC agreed to project base 12 VASH vouchers at Hickory Way and 3 VASH vouchers at Swift Lane. These VASH voucher units are under construction and lease-up will occur in 2020. The AAHC will be issuing another Project-Based Voucher RFP in 2019 for up to 100 vouchers.

- 4) *Increase supportive housing for residents with complex needs spanning from homelessness, mental illness, substance use disorders, and/or other physical/mental disabilities.*
 - a. *Increase support services for tenants in affordable housing and voucher program*
 - b. *Through community partnerships*
 - c. *Additional funding sources*

The AAHC partnered with Avalon Housing, Ozone House, and Washtenaw County Community Mental Health to provide housing and services to chronically homeless individuals and families through the HUD Continuum of Care program. The partners applied for funding to house and provide services for 129 households and were awarded \$1,690,235 in annually renewable funding for 129 households in FY16. A minimum of 59 of these households will be housed at AAHC properties and Avalon, WCCMH and Ozone House will be providing on-site services. These funds have enabled Avalon to provide 24/7 services at Miller Manor.

The AAHC partnered with SOS to hire a case manager to help AAHC voucher tenants maintain their vouchers. The program received funding from Religious Action for Affordable Housing (RAAH) and Coordinated Funding to hire a full-time case manager for a 2-year PILOT program starting in 2016. Funding was renewed for 2018 & 2019 through Coordinated Funding.

During this 2018 fiscal year, SOS received 91 referrals from AAHC. Of the 91 families and/or individuals seventeen (17) were not assisted due to lack of cooperation or the families relocated to another community. Of the 80 families/individuals served seventeen (17) leased up in Ann Arbor, twenty (20) were able to resolve landlord/tenant issues such as securing funds to avoid eviction and/or assistance with securing funds for outstanding utility bills and were able to retain their housing. And the remainder were successful in their effort to lease throughout the Washtenaw community. During the 2019 fiscal year, SOS has been 100% successful in assisting with retaining the vouchers for the families/individuals referred to SOS for assistance. AAHC will continue contracting services with SOS to provide voucher families assistance in maintaining their assistance.

The AAHC partnered with Avalon Housing & Peace Neighborhood Center to provide on-site services for tenants at West Arbor.

The AAHC is partnering with Avalon and CAN to apply for funding to provide on-site services at the new White/State/Henry and Platt Road Community Centers.

Family Unification Program (FUP)

The AAHC has partnered with the Michigan Department of Health and Human Services (MDHHS), Washtenaw County Continuum of Care (CoC), and Ozone House to provide housing assistance to 35 families for the HCV Family Unification Program.

The Family Unification Program (FUP) is a program under which Housing Choice Vouchers (HCVs) are provided to two different populations: Families for whom the lack of adequate housing is a primary factor in: the imminent placement of the family's child or children in out-of-home care, or the delay in the discharge of the child or children to the family from out-of-home care. In addition, Eligible youths who have attained at least 18 years and not more than 24 years of age and who have left foster care, or will leave foster care within 90 days, and is homeless or is at risk of becoming homeless at age 16 or older.

In addition to rental assistance, supportive services must be provided by the MDHHS to FUP youths for the entire 18 months in which the youth participates in the program; examples of the skills targeted by these services include money management skills, job preparation, educational counseling, and proper nutrition and meal preparation.

Non-Elderly Disabled Mainstream Voucher

The AAHC is partnering with 11 agencies to administer the NED Voucher program, all of whom serve persons with disabilities as a cornerstone of their non-profit mission or public agency purpose. NED HCVs enable non-elderly disabled families to lease affordable private housing of their choice. NED vouchers also assist persons with disabilities who often face difficulties in locating suitable and accessible housing on the private market. The target population for the NED program are any household that includes one or more non-elderly person with disabilities. The 11 partner agencies are:

- (AACIL) Ann Arbor Center for Independent Living, a non-profit service provider for persons with disabilities
- (AAHDC) Ann Arbor Housing Development Corporation, a non-profit created to provide financial support and tenant service support to the Ann Arbor Housing Commission
- Avalon Housing, a non-profit permanent supportive housing and service provider for persons who are facing homelessness, have disabilities, or have other special needs.

- (SAWC) Shelter Association of Washtenaw County, a non-profit shelter individuals for persons who are facing homelessness, have disabilities, or have other special needs
- (SOS) SOS Community Services, a non-profit shelter for families and Rapid Rehousing provider for persons who are facing homelessness, have disabilities, or have other special needs

- (WCOCED) Washtenaw County Office of Community and Economic Development in partnership with the Washtenaw Housing Alliance who manage the Continuum of Care process

Section D.2 Resident Advisory Board

The Resident Advisory Board (RAB) met on February 6, 2019 to discuss proposed changes to the Administrative Plan for the Voucher Program. Members who attended the meeting were:

B. Hill, K. Wanza, F. Stephens, L. Ketzner, D. Boer, T. Franklin, R. Barker, C. Carson, K. Mozak-Betts, P. Jackson, D. Boston, S. Ellinger, K. Pitts, A. Ochoa, J. Frazier, F. Powell, J. French, S. McAfee, G. Denney, K. Bingham, O. Payne, and C. Jackson.

- 1) RAB input regarding the Moving To Work Program.** There was a lively discussion about the MTW program. The AAHC explained what the program was and asked RAB members to let us know what regulations they would change if they could? A summary of the questions, suggestions and complaints are listed below.

Multiple tenants asked about requiring program participants to participate in community service or similar programs. There was a lot of discussion around support service such as counseling and training to encourage self-sufficiency.

Another common request was to process annual reexamination on a biennial or triennial basis. Tenants commented that social security benefit income is rarely increased and when an increase occurs it's not substantial.

The RAB wanted to learn more about the Family Self-Sufficiency (FSS) and Homeownership program which the AAHC explained. One RAB member inquired about the difference between the FSS and the MTW program, and inquired if FSS would change if MTW was implemented. AAHC explained that it would be beneficial to ensure that the two programs are complimentary for participants to receive the most benefit.

The RAB had questions about work requirements. The AAHC explained that there are exceptions for households who are elderly and/or disabled.

There was a discussion about providing a basic rent subsidy, regardless of income or a gradually declining fixed rent subsidy, which was based on how long a person was in the program, not based on their income. Although some RAB members could see how this could be an incentive to work and increase their income so that they could be self-sufficient, others were afraid they would lose this rent safety net if their income declined for some reason. The AAHC explained that the MTW program requires the AAHC to adopt appropriate hardship policies.

In addition to these specific items regarding Moving the Work, the RAB members were concerned about the federal budget process and funding because there is such a high need for subsidized housing and it keeps getting cut. RAB members also stated that it was very difficult to find housing that is affordable in Ann Arbor.
