Subject: Message of support for projected work at 614 Soule Blvd

Hello,

We live at 1406 Lutz Ave, three houses down from 614 Soule Blvd, which is the subject of an upcoming public hearing regarding a variance request. This is the second hearing for the request and we are sending this note as a reiteration of our support for the project. Both the owners of the home and the project manager for Forward Design Build contacted us to share the details of their project proposal and to note how it impacts the streetscape on Lutz. Although we will not be attending the public hearing, we support the proposed work and appreciate the excellent communication from the homeowners and architect. We welcome the change and believe it will only serve to further beautify our neighborhood.

Best regards,

William & Bethany Cron

1406 Lutz Ave., A2
