

Solid Waste Resources Management Plan (SWRMP) Final Draft

ENVIRONMENTAL COMMISSION

DECEMBER 5, 2019

SWRMP Status/Update

- **August 22, 2019** – Presentation of Draft (August) Solid Waste Resources Management Plan (SWRMP) to the Environmental Commission
- **September 9, 2019** – Presentation of Solid Waste Updates, WRRMA & SWRMP to City Council at Work Session
- **September/October** – Councilmember questions/follow-up items submitted to City Administrator, staff responses developed and [provided](#)
- **October 7, 2019** – City Administrator's *Solid Waste Road Map* memorandum to Mayor and City Council, Environmental Commission Chair
- **October/November** – Revisions made to August Draft SWRMP document based on feedback from Environmental Commission and City Council, and *Solid Waste Road Map* memorandum

Revisions to August Draft SWRMP

- Addition of cover statement from City Administrator
- Addition of Foreword section incorporating current solid waste goals and discussions regarding measures
- Revision of Recommendation R.6. (*Consolidated Residential Collection*) to *Improved Residential Recycling Collection*
 - Text addition in Section 3.1.5 to reflect the change from the option studied to the final recommendation
- Correction of operational savings for Recommendation C.6. *Consolidated Commercial Collection* in text (\$1,300,000 rather than \$660,00)

Completion of SWRMP

- Resolution for consideration by Environmental Commission tonight recommending City Council acceptance of the revised, final draft SWRMP
- Resolution to City Council 1/6/20 for acceptance of the revised, final draft SWRMP
- Staff undertakes work to implement SWRMP recommendations through appropriate Commission and/or City Council approvals
