Zach,

I am a lifelong Democrat. This current configuration does not allow full participation in our process. Allow voters to decide what the best way is to elect their representatives.

You know what the right thing to do is.

Mr. Smith,

You should be absolutely ashamed of yourself. You know putting this question in front of the voters is the right thing to do.

Dear Mayor and Council Members,

I attempted without success to make a statement at the end of the 8/10/2020. I tried to use the *9 to raise my hand.

Here's what I want to convey:

I appreciate the effort of Council Member Lumm to bring the issue of non-partisan elections for Council and Mayor to the public. Thank you to council members who voted in favor of taking the issue of non-partisan elections to the public for a decision.

I am sorry that the mayor intends to veto the council decision from tonight. I ask the mayor to reconsider and to allow the measure to proceed to the public without veto.

Let the candidates make their case to the voters. Let students participate in the decision in November 2020, and in subsequent elections. Please stop raising fear of party politics. If we are to coexist in our small town, we need to respect the ideas of others and stop placing falsehoods about those of other parties.

Sincerely,

Rita Mitchell
